

Bing Sings of Jasper Beauty

Paramount Trooped 2,000 Miles To Make 'The Emperor Waltz'

In this special article, Bing Crosby turns author for The Bulletin to tell about the voyage he spent on location at Jasper for filming of his latest picture, "The Emperor Waltz." Technicolor picture, which catches Jasper beauty, is now having its Canadian premiere in Edmonton. For a pictorial presentation of Jasper beauty turn to Page Six.

By Bing Crosby

Exclusive to The Edmonton Bulletin
In the infancy of the cinema, long before Hollywood became encumbered with such insolubles as Bob Hope, a location was little more than a day's outing. All you needed was a boy, a girl, and a "heavy," a field model camera and a patch of nearby Griffith Park. The man who could scratch up a pair of puttees was the director, meaning he was also cameraman, painter, carpenter, make-up man, his own assistant and, in short, the crew.

Today, and this is not overstatement, there have been some C-grades made.

When Paramount dispatched a troupe 2,000 miles to Canada to run up some Technicolor footage for "The Emperor Waltz," we numbered 200 and we went equipped with 15 truckloads of accoutrement, from a 23-foot camera boom to a three-foot gagan.

Our objective was Jasper. At 4,200 square miles, it is North America's largest national park, its scenic reserve and our most modest set.

We were placed in the able custody of Maj. Jim Wood, a capable man who superintends Jasper National Park, and who has a speaking acquaintance with its moose, elk, deer, mountain sheep, beavers, 13 actors and other fauna. He even nods to grizzly bears.

In the course of covering his 4,200-mile backyard afoot or on horse, the Major has encountered literally hundreds of grizzlies—which sometimes weigh 1,000 pounds, stand nine feet tall and are notoriously short-tempered—with-out harm. As if anyone needs added proof that Maj. Wood is a gentleman, he has related his exploits, not to mention his life, by the simple expedient of stepping aside and giving grizzlies the right-of-way.

Room Service by Bike

We took our sustenance and slumber at the Jasper Park Lodge, a structural triumph of logs and natural wood that accommodates—in every sense of the word—600 guests. To give you an idea of the size of the place, room service arrives by bicycle. The town of Jasper also boasts excellent hotels, cabins and other accommodation.

On hand to ensure our comfort was Bob Somerville, head man of Canadian National hotels. Although he has charge of 12 of the Dominion's largest hostleries—from Saskatoon to Pictou—he found time to take us fishing and, more important, he found us some fish.

Of course, we sweated out every climatic condition in the almanac before landing our finny finds. There are ranges on ranges of 10,000 feet angled through rain, hail, snow and, finally, sunshine, all within a couple of hours' time. Hollywood can only boast of "unusual" weather. There is no kidding.

When we weren't on the golf course, the tennis courts or the dance floors, managers to capture the scenery on celluloid, with a minimum of distraction to performers in the foreground.

Jasper is one spot where the scenic attractions offer even more than the foldiers lead and carry of the mountains. There are ranges on ranges of 10,000 foot, snow-capped peaks, which you can scale, if you want to be a goat or just gaze upon, if you want to act as we did. Most impressive sight is the Columbia icefield, which is a glacier, 600 to 1,000 miles long, 100 feet thick. That's more ice cubes than the human mind can conceive.

The Next Time: People

It says in small print that Joan Fontaine and myself are in the film, but don't load yourself with illusions as to who are the stars. Only three members of our little band had a railroad car to themselves on Paramount's special train, and only three had special beef rations in Canada (while we ate buffalo). They are a fox-terrier and two poodles, who languished at Jasper in a \$22-a-day bungalow.

But we were allowed to hope. Producer Charlie Brackett and Director Billy Wilder, our high command, are known to have stated that some day they'll do a picture with people.

Speaking of people, and jesting aside, we can't say too much about the friendliness and courtesy of the Canadians. And the frankness. One day on location, a lady asked for my autograph, thanked me and started to walk away, reading the signature. She turned and came back. "You're Bing Crosby, are you?" she said. "I thought you were your stand-in."

We found the folks hospitable right from the start, and I was especially pleased when the first place we hit on crossing the border was I.C. But still, I don't think it was necessary, just for this one occasion, to give the province my initials.

50,000 on Strike Throughout France

PARIS, June 17.—(CP)—The Communist-led Confederation Generale du Travail will call for a one-hour general strike throughout France from 11 a.m. to noon Saturday, the CGT directing committee decided today.

More than 25 towns so far have been hit by a surge of strikers' snows. Indications that 100,000 Frenchmen will be off the job by tonight. At least 50,000 workers were idle yesterday, most of them in sympathy with strikers at Clermont-Ferrand, who were tossed out of a tire factory by police and sent to the troops. Acid, slingshots to throw ballbearings and rubber clubs made

in the factory were used as weapons in the bloody fighting there. The rightist press accused the Communist-dominated Confederation Generale du Travail of taking the lead in the Russian-backed confederations.

Dispatches from the tire capital of Clermont-Ferrand today said conditions there are relatively quiet.

WANT NONE WHO MAY BE 'TEMPTED'

Key Govt. Departments Screened for Security

OTTAWA, June 17.—(BUP)—Officials and employees of two key departments of the Canadian government are being subjected to fresh scrutiny to ensure that they are not likely to be "tempted" to give secret information to a foreign power, it was disclosed today.

The departments in which the check is being made are those of external affairs and of national defence.

Questionnaires seeking detailed information as to the relatives and background of officials and employees from deputy ministers down to office boys have been circulated. Every person in the two departments is being asked to tell what organizations he belongs to and even the birthplace of his parents and the parents of his wife.

An external affairs spokesman said the primary purpose of the questionnaire being circulated

TWO NEW CASES PARATYPHOID ARE REPORTED

Fifth and sixth case of paratyphoid "B" has been reported to the city health department. Paratyphoid is similar to typhoid but not so deadly.

They are that of two women who attended the marriage function at the end of May at which a carrier of the disease prepared and served food.

One of these cases has been under observation at the isolation hospital; the other was reported to the department today.

Dr. G. M. Little said there was little danger of the disease spreading further. All guests have now been checked, and most of them have passed the incubation period. There may be some further isolated cases, but there is no possibility of an epidemic.

Bright Sunny Weather For City Promised

More bright sunshine was promised by weather office officials today. Skies will be cloudy for a brief period this afternoon, but otherwise clear weather will prevail.

Weather synopses and official forecasts issued at 10 a.m. today by the Dominion Bureau of Meteorology, office at Edmonton, valid until midnight Friday.

LEONARD

CLEAR SYNOPSIS

The rainy spell in Southern Alberta was renewed last night as over one-half inch of precipitation fell at Lethbridge and Cowley. Northern Alberta and most of Saskatchewan remain dry.

There is little prospect of clearing in Southern Alberta although precipitation will slacken tonight.

FORECAST

Edmonton Region: Briefly cloudy this afternoon, otherwise clear to Friday; winds southeasterly; little change in temperature; low tonight and high tomorrow 49 and 69.

Red Deer Region: Variable cloudiness today and Friday; winds southeasterly; little change in temperature; low tonight and high tomorrow 46 and 66.

Peace River Region: Clear today and Friday; winds east 15; continuing warm; low tonight at Grande Prairie 47, high tomorrow 76.

Lloydminster Region: Briefly cloudy this afternoon; otherwise clear today and Friday; winds southeasterly; little change in temperature; low tonight and high tomorrow at Vermilion 40 and 69.

Jasper Town: Clear today and Friday; light winds; little change in temperature; low tonight at Jasper 43, high tomorrow 73.

He said bodies, arms and legs were strewn over an area of 200 to 300 feet after the plane crashed into a hill not far from the transformer.

More than an acre of brush was burned by the blast.

The reporter said no bodies were in the plane "because there just isn't anything left of the plane."

French Horse Wins Ascot Gold Cup

ASCOT, Berkshire, Eng., June 17.—(Reuters)—Marcel Bousse's famed French horse Arbar won the Ascot Gold Cup, run over a 2½-mile course today.

The Belgian-owned Bayeux was second, four lengths back. A further six lengths behind was Rio de Navarre, another French horse now trained in Britain.

The winner started 6-to-4 on favourite. Bayeux's price was 100 to 6 and Rio de Navarre's 5 to 1.

U.S. NAZI LEADER, notorious Fritz Kuhn, who was repatriated in Munich today. He had escaped from Dachau February 4 while under sentence of 10 years as a Nazi offender.

Relief Ship For France

KIDDIE RELIEF SHIP Lucien Marie, loaded with 30 tons of food and clothing collected by the children of Maine for the children of Calais, France, prepares to sail from Portland, Me., today. The galaxy-festooned trawler is inspected by members of the Boy Scouts, Girl Scouts, 4-H clubs and other children's organizations which collected the gifts in co-operation with a Portland station.

41 Persons Believed Killed As Plane Hits Power Line

LOS ANGELES, June 17.—(AP)—United Airlines said today that Earl Carroll, famous theatrical entrepreneur, Mrs. Jack Oakie, wife of the film comedian, and Actress Beryl Wallace were all aboard the DC-6 transport plane that crashed in Pennsylvania. The airline said that all three were "presumed lost."

MT. CARMEL, Pa., June 17.—(AP)—A United Airlines DC-6 plane crashed in flames near this anthracite area town today. Forty-one persons were believed killed.

UAL headquarters in New York said the plane apparently was Flight 624, bound from San Diego to New York with 37 passengers and four crew members aboard.

Ed Darlington, of radio station WNCN at nearby Bloomsburg said there was no sign of life and apparently everybody was killed.

RADIO SCRIPT FOUND
Found in the wreckage was a script of the Gary Moore radio show, "Take It Or Leave It" broadcast every Sunday night over CBS. It was not learned whether Moore was a passenger.

Darlington said the plane crashed into a transformer on a high tension wire at 10:41 a.m. Eastern time.

The plane's logbook, found near the scene of the crash in a thickly wooded area, identified the plane's pilot as Captain George Warner of Chicago. The stewardess was listed as Lorena Berg, address not known.

Darlington said reports from eyewitnesses said "there were between 35 and 40 bodies strewn all over the place."

State police were unable to get close enough to the wreckage to determine the number of casualties.

PLANE DISINTEGRATED
Eyewitnesses said the plane "disintegrated" after hitting a high tension line which carried 16,000 volts.

The wreckage was found in a field near the town of Bloomsburg, Pa., where it was discovered by a farmer.

Morning Press said the plane apparently exploded from the electrical charge.

He said bodies, arms and legs were strewn over an area of 200 to 300 feet after the plane crashed into a hill not far from the transformer.

More than an acre of brush was burned by the blast.

The reporter said no bodies were in the plane "because there just isn't anything left of the plane."

French Horse Wins Ascot Gold Cup

ASCOT, Berkshire, Eng., June 17.—(Reuters)—Marcel Bousse's famed French horse Arbar won the Ascot Gold Cup, run over a 2½-mile course today.

The Belgian-owned Bayeux was second, four lengths back. A further six lengths behind was Rio de Navarre, another French horse now trained in Britain.

The winner started 6-to-4 on favourite. Bayeux's price was 100 to 6 and Rio de Navarre's 5 to 1.

U.S. NAZI LEADER, notorious Fritz Kuhn, who was repatriated in Munich today. He had escaped from Dachau February 4 while under sentence of 10 years as a Nazi offender.

Ogilvie Backing Development Plan

Engagement of a firm of experts in civic government to examine the entire civic administrative organization is urged in a notice of motion submitted to city council by Ald. James H. Ogilvie, K.C.

The motion will be debated at the next regular meeting of council to be held on Monday, July 12.

(The Edmonton Bulletin has been advocating the engagement of civic government experts for several weeks.)

Also to be examined by the experts are plans for future development of the city.

More Efficiency Is Aim

Text of the Ogilvie motion follows:
"Whereas: The city is developing with a rapidity beyond anything until recently anticipated, requiring a great expansion of public utilities;

"Whereas: A much more efficient administrative set-up of the city is desirable to provide the most desirable development;

"Be it resolved that the city engage a firm of experts in civic government to examine the entire administrative organization and plans for future development and submit recommendations for any changes that may appear to be in the best interests of the city."

This move toward city betterment comes during a week of striving to keep pace with Edmonton's rapid development.

Combat Dust Problem

Yesterday city engineer's department announced launching of a program to combat the city's dust problem. Plan is to treat gravelled roads with oil, thus put down dust for rest of summer and fall.

Day before that Mayor Harry Ainlay pointed up the city's need for more swimming pools, told council plans to construct three more to be given consideration.

A substantial program of sidewalk paving, street graveling, curbing and boulevarding will also be submitted to next meeting of city council for approval.

Gas Company Plans Improvement Program

Northwestern Utilities Limited will spend approximately \$2,300,000 this year on additions and betterments to its plant in Edmonton and other areas served by the company, it was announced today by R. Cody McPherson, general manager of the company.

This amount is in addition to \$6,900,000 spent during the years 1940 to 1947.

RAPID GROWTH

The growth of the company in recent years has been very rapid. There are now nearly 28,000 users of natural gas and the number is steadily increasing, Mr. McPherson stated.

During 1948 three more wells will be drilled in the Viking-Kinsella field, bringing the total of wells connected to the system to 54.

The company has two main transmission lines in operation between the Viking-Kinsella field and Edmonton.

A third line built of 16-inch pipe has been constructed a distance of 37 miles.

An additional 21.8 miles will be installed this year, leaving 18 miles to complete this triplicate line.

3700 NEW USERS

In Edmonton and the towns and villages on the company's pipe lines 36 miles of service mains will be installed this year. Details of 3,700 new consumers will be added during this year.

Of the 36 miles of service mains approximately 24 miles will be constructed in Edmonton.

In spite of this construction the company is having great difficulty in meeting the demands made on it. Steel and appliances continue in short supply, and there is no indication of any real improvement in this respect during the immediate future.

ALBERTA PROFESSOR SAYS 'HAMLET' MAD

VANCOUVER, June 17.—(CP)—For more than 300 years Shakespearean critics have argued about "Hamlet" and propounded theories as to whether Hamlet was mad or not.

In a 54-page paper, F. M. Salter, professor of English at the University of Alberta, yesterday told the Royal Society of Canada that "to-be-or-not-to-be" Hamlet really was insane.

Prof. Salter said "Hamlet goes mad because he plays mad." The "expose" differed from the interpretation of five leading critics but the Alberta English professor rushing "in among the angels with a sixth possibility" said it was based on "Shakespeare's interpretation."

FARMER LAYS INJURED 6 DAYS

MOOSE JAW, Sask., June 17.—(CP)—A 68-year-old farmer; his leg fractured after a horse kicked him, lay for six days in front of his house in the Galle district, 30 miles south.

A neighbor found Foster P. Deinstadt yesterday. Taken to hospital, his condition is said serious.

Deinstadt was injured a week ago 500 yards from his house. He crawled to the door but his wife, an invalid, managed only to throw him a blanket. They ran out of water last Sunday.

Police Investigate Report Of Riot

SUDBURY, Ont., June 17.—(CP)—Inspector T. Wilkinson said four officers of the Sault Ste. Marie provincial police detachment had been dispatched by air today to investigate a riot report at a bush camp 1½ miles west of Hornepayne, Ont.

Less Grasshopper Damage Expected

WINNIPEG, June 17.—(CP)—Grasshopper damage to crops in Manitoba generally is expected to be light this year in comparison with the bad years of 1938 and 1940, a survey indicated today.

Alternative Site For Hotel Is Turned Down

Proposal of an alternative site for the \$6,000,000 hotel to be erected on the civic centre was defeated by city council Wednesday by a vote of eight to three.

The alternative proposal was submitted by Maxwell C. Dewar, city architect.

He suggested the hotel be located immediately east of the city telephone building on the northwest corner of the Market Square.

CHANGE ADVERTISED
Proposed change of zoning to permit erection of the hotel on the civic centre site has been advertised according to provincial town planning regulations.

In the meantime civic officials will interview the provincial minister in charge of town planning seeking issuance of the certificate to rezone and thus dispense with the eight weeks waiting period stipulated by the town planning act.

Voting against the proposed new site were Aldermen Sidney Bowcott, J. M. Douglas, F. Armour, Fort K.C., C. E. Gariepy, K.C., George Cleave, Fred J. Mitchell, and J. H. Ogilvie, K.C.

Voting for the change: Mayor Harry Ainlay, and Aldermen A. Biset, K.C., and H. E. Tanner.

The site originally determined for the hotel is the south half of the (Continued on Page 2)

World

John Hart, ex-premier of N.C. and Pacific Great Eastern Railway president, said no negotiations have been started in Victoria for a U.S.-Canadian railway from Prince George to Alaska. The U.S. House of Representatives today handed down authority for such a deal.

In Winnipeg, 300 delegates to the Junior Chamber of Commerce convention prepared wide through resolutions dealing with the conservation of U.S. dollars and the tourist industry, hear a host of guest speakers and hold a public speaking contest — all a, three days.

Delegates to the Aero Medical convention, in Toronto, recommended that a survey of Canadian manhood be made to find how many, in an emergency, could qualify for aircrew. During the last war, 22.2 per cent of seemingly-healthy volunteers were rejected.

A U of Manitoba political economy professor, Dr. Albert A. Shea, said Canada helped sabotage faith in the United Nations by descending to "power politics and allowing Jews and Arabs to fight it out themselves." Said he: "Peace cannot be maintained through the world organization, unless we are willing to risk men's lives to keep up respect for United Nations authority."

In Britain, grain trade experts decided the International Wheat Agreement will not be ratified this year, if ever. Most nations are shrinking from their agreement as they see the prospect of good crops.

Premier Anton Zapotocky of Czechoslovakia announced that his new government will rebuild the country's economy to bring it into harmony with Soviet Russia and her satellites.

British sources predicted that the promise of foot crops will mean the beginning of the end of austerity, by easing high prices and making more supplies available for sterling payment.

An "inside" story of the recent six power London meeting on a western German government, revealed that U.S. Ambassador Douglas Lewis stunned French envoys by asking if they would back the U.S. in the use of force if Russia gets tough in Germany. The French answer was another question: "What force?"

The Republican - controlled U. S. Congress has come out for better care of elephants. Action resulted from reports

that tropical elephants were brought to the U.S. as deck cargo in February, with much suffering and loss of life. No mention was made of more humane treatment for donkeys.

U.S. AMBASSADOR DOUGLAS

... a diplomatic bombshell?

A year ago the city engineers department of St. Helena, Oregon, turned beaver loose in their watershed to build dams, thus conserving water. Now they've decided to remove them. The river's dammed stream coming into the reservoir instead of those going out of it.

In Britain, grain trade experts decided the International Wheat Agreement will not be ratified this year, if ever. Most nations are shrinking from their agreement as they see the prospect of good crops.

Premier Anton Zapotocky of Czechoslovakia announced that his new government will rebuild the country's economy to bring it into harmony with Soviet Russia and her satellites.

British sources predicted that the promise of foot crops will mean the beginning of the end of austerity, by easing high prices and making more supplies available for sterling payment.

An "inside" story of the recent six power London meeting on a western German government, revealed that U.S. Ambassador Douglas Lewis stunned French envoys by asking if they would back the U.S. in the use of force if Russia gets tough in Germany. The French answer was another question: "What force?"

Science

Pilots of the future will be able to lie down on the job. A flexible nylon bed has been devised which allows pilots to stand 14 "C" pull-outs from dived without blacking out. A sitting pilot becomes unconscious at about 5 "C's."

In New York, a statistical study showed that not only do former tuberculosis patients have as good a work record as normal folk but they have only about one-half the accident rate for disabling injuries.

In Medicine Hat, "rainmaker" Donald S. Johnston has been regularly hitting the precipitation jackpot—even in reverse. His gadget, whether by coincidence or not, has been in operation seven times when it rained, then, when the RCMP hand was selected to play a concert and clouds piled up, he "reversed" the machine and it didn't rain. He now has promised Rediff that it will not rain Saturday during their rodeo.

In London, Sir Malcolm Campbell underwent an eye operation at St. Mary's hospital and will decide whether or not he will continue trying to break speed records.

Newly elected Progressive Conservative Ontario M.L.A. Donald Morrow, warned his party to "quit kidding themselves" and to "pull up their socks," unless they want one-half the accident rate for disabling injuries.

The tendency for the old parties, he said, "is to fold up after an election with a sigh of relief and stay under cover until the next."

BANKING offers opportunities to High School students

In choosing a profession you will naturally consider many factors, among them stability of employment, opportunities for self-improvement and advancement, congenial work. Banking offers these important attractions to young men and women with high school education and a desire to learn. Should you wish to consider banking as a career, the manager of any branch of this bank will be glad to give you the benefit of his experience and advice.

THIS ZOO NOT SHORT, ANYWAY

ROCHESTER, N.Y., June 17.—(AP)—Fred J. Strause, Seneca park zoo superintendent, doesn't know whether he is running a foundling home for animals or a zoo.

Within the last week unidentified persons have left the following assortment of baby animals on the zoo grounds: A squirrel, two young robins, five grey foxes and four wild rabbits the last with a nursing bottle.

Alternative Hotel Site Move Beaten

(Continued from Page 1)

block immediately east of the court house. Council at a special meeting authorized the sale of the property to the Glen Development Co., Toronto and Montreal, for \$150,000.

Mr. Deys's letter criticizing the civic administration and the town planning commission for the sale of this property was not discussed at the meeting.

The city architect's alternative plan outlined a civic zone between 99 and 100 streets, and 101A and 104 avenues.

This plan showed a market building immediately north of the post office; the new hotel site on the west corner of the Market Square.

The city hall would be located north of 102 avenue, with the site of the civic auditorium immediately north of this structure.

The federal building would be located north of 103 avenue.

The present water treatment closing of 90 street between 102A and 103 avenues.

Percey McGee, Edmonton representative of the Glen Development Co., told council that "his clients depend on the agreement as they see the prospect of good crops."

MEETING "NOT PROPER"

It was suggested that the town planning commission meeting at which the rezoning of the property to permit the hotel on the civic centre was not a proper meeting as the secretary of the commission was not present.

The chairman of the commission acted as secretary of this meeting.

Ald. Ogilvie said "the fact that there are minutes says there was at least an acting secretary at the meeting."

Ald. Ogilvie suggested the city commissioners confer with the minister responsible for the administration of the Town Planning Act to expedite the issuance of the certificate necessary to permit immediate start on the hotel project.

He made this suggestion following disclosure that Town Planning J. H. Holloway had indicated he was prepared to recommend issuance of a certificate for the alternative site, but was not prepared to do so for the site originally selected.

Calgary To Take On Real Stampede Look July 5-10

CALGARY, June 17.—(CP)—Calgary will take on a real western look during stampede week July 5 to 10, stampede officials announced today.

Chuckwagon outfits will be parked along downtown streets each morning and cowboys will dish out free breakfasts of "prairie pancakes." Each outfit will carry a full complement of cowboy singers and musicians and old range songs and square dances will be the order of the day.

As an aid to tourists, a total of 30,000 badges, bearing the words "Ask me I live here," will be available to Calgary residents in order that tourists will know whom to query for directions.

Heads Cosmos

OMAHA, Neb., June 17.—(AP)—Fred Kenny of Calgary yesterday was elected president of Cosmo-politan International, succeeding Willard Townsend of Lincoln, Neb.

Government Policy About-Face Asked

Six Liberal Members Protest Abbott's Austerity Program

By Dick Jackson
Edmonton Bulletin Ottawa Bureau
OTTAWA, June 17.—Returned bruised and battered from the Ontario provincial and three federal by-election firing lines, six Liberal members of parliament this morning saw Prime Minister King and demand an abrupt about-face in the government's fiscal policy.

There were in protest against continued high income taxes and the 25 to 35 per cent excise and luxury taxes of Finance Minister Abbott's austerity program.

L. O. Breithaupt, Liberal MP for North Waterloo organized and headed the delegation which demanded:

1. Re-imposition of government subsidies of food commodities to halt the rampaging rise in the cost of living.

2. An end to "many" of Mr. Abbott's austerity taxes.

THE DELEGATION
In the delegation were Leo Gaudier, Liberal MP for Nipissing; Thomas Farquhar, Liberal MP for Ontario East; George Nixon, Liberal MP for Algoma West; William Benedictson, Liberal MP for Keweenaw-Rainy River and Robert Gladstone, Liberal MP for South Wellington.

Mr. Breithaupt said the delegation went to see Mr. King "on behalf of a wide representation of Ontario Federal Liberals."

It was a "friendly interview," reported Mr. Breithaupt, "but we made our views clear, insisting that the government get out of the kitchen of Canadian homes. Mr. King agreed with us that a household budget would be very much in order."

REMOVAL OF TAXES
By taking the government out of the Canadian kitchen, explained Mr. Breithaupt, was meant the removal of austerity taxes on electricity, food, clothing, and other necessities.

Mr. King told us our proposals were very wise," said Mr. Breithaupt.

FRANK STATEMENT
The delegates told Mr. King frankly that the recent disastrous Liberal defeats could be charged to the continued high income tax rates, the unpopularity of the austerity program and the general proposition that Canadians were being taxed "for their own good" according to the lights of the government's fiscal experts.

The delegation took this direct route to the prime minister with their demands, by passing Mr. Abbott and the usual caucus procedure, in belief that they, the private members, were in closer touch with the people than the cabinet and its expert advisers who were suspected of having become "aloof" from the political realities of the grass roots.

FUR BREEDERS GET VACCINE

A distemper vaccine bank for Alberta's fur farmers, will be established soon, Hon. David U. S. minister of agriculture said today.

The bank will be in operation in about a week, Mr. Ure said.

Dr. E. K. Ballantyne, government director of veterinary services, will be in charge of the bank.

Membership Jaycees 25,000

By GEORGE BRIMMELL

WINNIPEG, June 17.—(CP)—The Junior Chamber of Commerce of Canada can be called as a "more representative organization than it has ever been in the past." Its membership having climbed to 25,000 during 1947-48, Don MacKay of Calgary, national president, reported today.

In his report to the Chamber's 13th annual convention here, Mr. MacKay said he had travelled about 60,000 miles on business connected with the organization since its last convention in Montreal.

Drunkenness Brings A Stiff Penalty

A \$200 fine for drunkenness was levied on Pierre Giroux, Edmonton, in police court Wednesday.

The alternative of four months in jail was allowed the offender. It was his second offence on the same charge this year.

John A. McArthur, a first offender, was fined \$20 for drunkenness while Victor Muir received a fine of \$30 for illegal possession of liquor.

Two vagrants, Mabel Sinclair, no

fixed address, and Lillian Welch, a recent arrival to the city, were sentenced to three months and 60 days respectively.

A city motorist, Ross Rowson, was fined a total of \$10 on counts of driving without a license, driving without lights and failure to stop for a policeman.

School Groups Seek Taxation Assistance

Provincial government assistance is needed in the field of school taxation, it was stated Wednesday by Jonathan Wheatley, president of the Alberta Association of Municipal Districts.

Mr. Wheatley addressed school officials of rural and urban municipalities at the University of Alberta.

"The problem of financing education is the major problem facing municipal districts," stated Mr. Wheatley.

He said that he saw need of government assistance in this respect.

Some districts have had school taxation rates increased from three to 22 mills since the school division system was inaugurated in Alberta in 1935, Mr. Wheatley said.

Secretary-treasurers, assistants, councilors and other officials of Alberta municipalities are attending 10th annual refresher course in municipal administration at the University.

The 28th annual convention of the Alberta secretary-treasurers is also being held.

Others who addressed convention delegates are Dr. John McDonald, dean of the Faculty of Arts and Sciences, J. W. Judge, deputy minister of municipal affairs.

Another refresher course is being held on the campus at present. It is the fourth annual course in school administration, open to all school trustees, divisional secretaries and other officials of rural school divisions and urban school boards.

Valentine Kelly of Picardville, president of the Alberta Provincial Swine Breeders' Association, died in an Edmonton hospital on Wednesday.

Mr. Kelly was born in Picardville 46 years ago, and has lived in the district ever since.

He was a director of the Canadian Swine Breeders' Association, and of the Alberta Swine Breeders' Association, Ltd. and was on the executive committee of the Northern Alberta Pioneer and Old Timers' Association.

He is survived by his wife and six children, all at home in Picardville.

Funeral services will be held at Howard and McMillan's funeral chapel in Edmonton at 1 p.m. on Friday.

Another service will be held at Picardville United Church on the same day at 3 p.m.

Interment will be made in the Picardville cemetery.

Rev. R. C. Lavers and the Rev. J. N. Brunton, chaplains of the Rev. R. C. Lavers will officiate.

Two RCAF officers are in hospital as a result of an accident involving a jeep and a street car today.

Squadron Leader Edward Walsh, Ottawa, and Flight Lieutenant Horace Bodnar were rushed to the University hospital about 2 a.m. today, according to police.

Accident is believed to have occurred when a jeep occupied by the two air force officers struck the rear of a street car at 118 Avenue and 80 Street.

The street car driven by city policeman Andrew Archibald, stopped on the south track facing east when struck by the jeep.

Force of the impact caused the jeep to crash into a telephone post, according to reports.

The two injured airmen were taken to hospital in a Jack Hays ambulance.

Condition of the accident victims will not be known until X-rays have been taken, hospital authorities said.

Clark to Head City Lumbermen

Charles Clark, of W. H. Clark Lumber Co. Ltd., was elected president of the Edmonton Lumber Dealers Association at the annual banquet of the association at the Corona hotel Wednesday night.

About 70 city retail lumber dealers attended the banquet.

Other officers elected were: C. Ferguson, vice-president; Reg Booth, secretary-treasurer (re-elected); and board members George Bull, Ed West, Jack Ayres.

Retiring president is George B. Watt, Past vice-president is George Manning.

Both have served two years on the association board.

Year's activities of the association were reviewed at the banquet, and financial statement read.

Musical entertainment was provided by Miss Sylvia Quatroche, piano accompanist; Miss Pat Smith, Irish novelty singer; and Jack Denington, pianist and vocalist.

4 Boys Repay 'Treat' With Crime Outbreak

Some well-meaning Edmonton citizens are still blushing over the results of their good intentions.

The citizens, unidentified by police, decided to give four boys at the South Side detention home a treat by taking them to the RCAF air show last Saturday.

Four boys, one nine years old, and three 13-year-olds, were driven out to the airport Saturday afternoon.

GIVE BENEFACTORS 'SLIP'

At the air show the boys are said to have given their benefactors "the slip."

Early Sunday morning the youths are said to have given a minor crime wave at West Jasper Place.

According to police the youths broke into a hardware store, a sport shop and one grocery store in the Jasper Place district.

During the course of their travels

the boys are alleged to have shot a dog owned by George Hepburn, West Jasper Place.

The dog, believed to have been shot with a 22 rifle taken from a hardware store in the district, was taken to the Animal Hospital and treated for a head wound.

RCMP aided by Constable E. C. Parlow, and Constable Chase and son, owner of the looted hardware store, searched the area for the youths early Sunday morning.

Apprehended after a chase, the boys led their captors to a cache of loot taken from the store.

Included in the loot were flash lights, cigarette lighters, watches, hosiery, penknives and clothing.

The boys were returned to the authority of juvenile officials.

THE LEADER OF THE BAND, Fredrick Martin, conducted his versatile musicians from Grieg to Porter, and Kachaturian to Nature Boy, for hundreds of fans at the Trocadero Wednesday night. Main problem was to get them to dance; most just wanted to stand and watch.

Martinmen-Thrill Large City Audience

The ole maestro has done it again.

Wednesday night, at Edmonton's Trocadero ballroom, Fredrick Martin and his Martinmen scored another hit on their cross-Canada tour, as they thrilled hundreds of city folk with the old and new song hits.

Without a doubt, the Martinmen won the approval of the jam-packed house that Bob Lyon eased into the Troc.

The poor-man's Chaikowsky didn't disappoint the city folk. From the opening strains of the Marche, an adaptation of Chaikowsky's masterpiece, Fredrick Martin won round after round of applause.

Besides giving out with their repertoire of novelty numbers, the Martin troupe favored young and old alike with the sweet and low dance music.

And besides, it was a real field-night for autograph hunters.

Without a doubt, the Martinmen won the approval of the several hundred Edmontonians who shell-out close to ten-bucks-a-couple to hear the concerto-man and his music.

Track meet certificates were presented to 23 winning boys and girls of Rutherford school. Presentation was made by H. B. McKim, president of the association.

Mrs. H. Hunter, delegate to the central council, reported to the meeting on the council's annual conference, held in May.

She stressed the importance of Home and school associations to teachers and parents.

Rifle Meeting Attracts Cadets

More than 250 army cadets from Alberta, training at Sarcee camp, are expected to take part in the Alberta Provincial Rifle Association's competitions during July.

Provincial small bore competitions have been included by cadet training officers as part of the regular program of training.

Cadets who wish to compete in the 303 events will be given time off.

High scoring cadets will be given a chance to try for the Alberta team in the Dominion competitions, with transportation paid.

Medals and \$211 in prize money will be offered cadet shooters.

Information may be obtained from Cadet Office, Public Building, Calgary, or Western Command Headquarters in Edmonton or the Secretary, 1312 3rd Street N.E., Calgary.

Clearing House

Handlings of the Edmonton clearing house last week were 15 per cent over a year ago, according to latest figures. Last week a total of \$17,791.10 passed through the house, as compared to \$14,086.01 for the same week one year ago.

Freight Embargo Lifted to Coast

Railways Nearing Normal Traffic Schedules West

Embargo on rail freight for the flood-stricken areas of British Columbia has been lifted, officials here said today.

Canadian National Railways announced the only restriction on traffic is that it will be moved subject to delay. This is because of the concentration of track forces and equipment on the section of the line affected by the floods.

Freight Embargo Lifted to Coast

Railways Nearing Normal Traffic Schedules West

Embargo on rail freight for the flood-stricken areas of British Columbia has been lifted, officials here said today.

Canadian National Railways announced the only restriction on traffic is that it will be moved subject to delay. This is because of the concentration of track forces and equipment on the section of the line affected by the floods.

Freight has not been accepted by the railways for more than two weeks, and CNR officials estimated today that about 150 cars are tied up between Edmonton and Hope, B.C.

"But there is a terrific amount of backlog stuff that we haven't been able to accept," Canadian Pacific Railway officials today said traffic now is returning normal proportions.

Direct rail connections on the CNR line between Edmonton and Vancouver will likely be re-established by the end of the week.

West-bound trains travelling through Edmonton reached Hope, B.C. this morning.

It is expected that repair crews working on the stretch west of Hope will have the line ready for operation within two or three days.

CNR may detain its passenger trains over the CP line from Hope to Vancouver, possibly Friday. In the meantime passengers going by rail transfer to buses at Hope.

First CPR passenger train to leave Vancouver for the east to leave Wednesday night.

Two sections of CNR transcontinental trains now are running as far as Jasper. There they are consolidated into one section.

CNR officials also said today they are continuing to give passengers the option of flying from here to Vancouver. By doing passengers avoid transferring to buses at Hope.

NOISY SESSION OF POLICE COURT NETS \$235 FINES

Marred by the thumpings of workmen repairing the roof of the police station, police court "carried on" today.

People in the court leaned forward to hear evidence and sentences shouted back and forth across the room.

Walter Deering, Louise Hays and Mary Beran were fined a total of \$100 and costs for being drunk.

Thomas Robinson paid out \$20 and costs for illegal possession of liquor.

City motorists Joe Achtan, Gordon C. Daley, William Fedina, David Gillis, Douglas W. McLeod and Albert Shupple, all charged with speeding on city streets, were fined a total of \$105 and costs.

On an old charge of assault, occasioning actual bodily harm, Albert Perrott of Morinville was fined \$30 and costs or six weeks hard labour.

Perrott was said to have assaulted Paul Pyrychuk, 4601 122 avenue, on May 10.

Other officers elected were: vice-president, David Rogers, Calgary; secretary-treasurer, W. H. Dingie, Calgary; directors, E. C. Broderick, Calgary, D. H. Woodside, Calgary, W. S. Davis, Edmonton and Jack Bradley, Edmonton.

FAST CAR BUT NO FINE

How can a car be fast without moving?

One Edmontonian found the answer to that this week when he had a '35 model car he wished to sell.

He phoned an ad to The Bulletin, and the car was sold the same evening—and that's speed.

But it is also just another good example of the efficiency of Bulletin want ads. Why not let them help you speed up your business affairs?

Loyal Edmontonians Hold Picnic July 18

Annual church parade and picnic for the 49th Battalion, Loyal Edmonton Regiment Association, will be held on Sunday, July 18.

John Michalske, Edmonton businessman, was appointed to head the committee in charge of picnic arrangements.

Neville Jones, who has been treasurer of the Association since its formation 29 years ago, tendered his resignation.

Other committee heads appointed were: sports, J. Blawie; transportation, Alan Nicholls, and publicity, Ted Horton.

Eaters-Out Not Affected

There will be no immediate increase in prices of restaurant meals in Edmonton.

This was stated today by officials of the city branch of the Canadian Restaurant Association.

Report was received today that Winnipeg restaurants were jumping meal prices by 10 per cent because of recent hikes in beef prices.

"Edmonton restaurant men are opposed to a 10 per cent raise in meal prices," Donald Fraser, president of the Edmonton branch of the CRA, told The Bulletin today.

No immediate increases in restaurant prices are slated for city eating places, he said.

"If prices continue to rise, we may have to advance certain items, though," said Mr. Fraser.

"Meal prices will be raised only a last resort," another restaurant man stated.

Illegal Operation Nets Jail Term

A charge of performing an illegal operation brought a jail sentence of two years less one day to an Edmonton man Wednesday in Supreme Court.

The man, John Onufrychuk, was sentenced by Mr. Justice S. J. Sheppard.

He was identified by a woman who testified against him in court and who said he was paid \$150.

Onufrychuk said his association with the woman had been in connection with an automobile deal.

The conviction and sentence will be appealed.

Not Enough for the Money

There are three factors in the calculation of the cost of civic government:

1. The mill rate.
2. The assessment rate.
3. The actual services that are given in return for every dollar of taxation.

The third factor is by far the most important, because whether the mill rate is 30 or 60 unless the taxpayers are getting full value for every mill they pay, they are being overtaxed.

Edmonton taxpayers are grossly overcharged because, no matter how the budget is balanced, they are not getting enough for their money.

Edmonton's mill rate is 49.5. Calgary's is 52. Nevertheless Edmonton's mill rate is above the Canadian average while the assessment rate is below the Canadian average. The mill rates of other cities are not kept on file in the civic book.

In the matter of the actual per capita charge on taxpayers, the cost of civic operation here is perhaps quite in line with that of other cities in comparable circumstances.

Buses, Street Cars and Tourists

Fifty per cent of the residents of Edmonton do not know where the various buses and street cars stop to take on passengers and exactly what routes they follow or what destinations they reach. No tourists at all know these things.

As a result, now that the tourist season is on, Edmonton people are stopped downtown by visitors as frequently as a dozen times a day to give information about bus and street car stops and routes.

In the first place, all the stops should be more clearly marked with signs in vivid

But the third factor, the return in services for the tax dollar, is absolutely out of line with other Canadian cities.

Nowhere in this country do you hear of city streets in such a deplorable condition. Nowhere in Canada is there reported such lamentable lack of foresight in providing water mains equal to the needs of the growing city. Nowhere in the Dominion does the drainage system appear so primitive and inadequate. Nowhere in North America could town planning possibly be so vague and neglected.

The civic administration is not giving the Edmonton taxpayer his money's worth. It is like pouring gasoline into a motor car with an ill-adjusted carburetor. The gasoline does not cost any more. But you don't get much good out of it.

The weaknesses and confusion in Edmonton's civic administration that depreciate the value of the taxpayer's dollar will never be removed until an outside professional civic survey is authorized.

The sooner that survey is made the sooner will the taxpayer get his money's worth.

colorings. This is particularly necessary in view of the fact that street cars and buses collect passengers at different points.

In the second place, it would be helpful if the various routes of the various buses and cars were indicated clearly on metal signs and attached at intervals to light poles or other easily discernible places throughout the city.

Such a convenience would please tourists and be of great help to bewildered citizens.

not only a menace to health and inimical to personal cleanliness but runs up a tremendous bill of damage when it sifts into rugs and fastens itself upon curtains and drifts into the interstices of fine furniture.

The decision to oil the gravelled roads, therefore, will remove a feature that at once makes for personal discomfort and costs the citizens money.

Almost everybody will be grateful to the city engineer's department.

A Timely Blow at Dust

Announcement by the city engineer's department that gravelled roads throughout Edmonton will be treated with oil to abate the dust nuisance will be received with satisfaction by the housewives of this city.

This process of scarifying, rolling and oiling does not afford any permanent solution to the serious dust problem. But it does allay it for a few months at least.

The flying dust, which has become a feature of Edmonton's summer life, is

More Money for Band Concerts

The American Federation of Musicians has allocated \$2,481.60 to Alberta locals for the provision of free band concerts in this province. Last year the grant for this purpose was \$1,653.25.

This money is derived from a fund created by royalties on records and transcriptions under a now defunct arrangement with recording companies.

The point of the arrangement, of course, was to make recorded music contribute to the employment of union musicians. But whatever the primary purposes may have been, the public benefits and the public should be accordingly grateful.

Summer music in parks and in the open air is the very lifeblood of a gay and attractive season.

By Elmore Philpott

Would Give Franchise To Canadian Indians

A committee of parliament has unanimously recommended the lifting of the ban on the employment of Canadians of Japanese ancestry. Up till now the Dominion Elections Act has automatically banned from the federal vote any persons banned by provincial laws on grounds of race. O. L. B.C. has such a ban.

Here is another proof that "the world does move." Our grand children PHILPOTT will look back on some of our idiosyncrasies with amusement, perhaps tinged with pity, maybe even a little shame.

Maybe they will say "Hiller carried the doctrine of race hate to its logical conclusion, expulsion or extermination of the time-honored minorities." But even in the most enlightened and humane countries there are those who, because of minority persecution, only less evil in degree.

With the ending of the ban on citizens of Japanese origin our own Indians remain the one minority still denied the right to vote. How much longer are we going to maintain this disgraceful discrimination against those whose forefathers were the owners of this entire continent?

Cut Off From Tribal Life

The Indians, or natives as they prefer to call themselves, should not be forced to choose between getting the white man's vote and getting themselves off from their own tribal life. Indians, like any other Canadians, should be free to live either individually or in community groups, as they themselves prefer. In the Canadian Indians live on reservations where they choose, or any place else they choose. Let us not force any other Canadians vote if they live outside their own community. But let those who live in tribal groups elect their own members of parliament.

According to population, the

Indians of Canada would be entitled to two or three members in the House of Commons. It would be good for them—and good for Canada—if there were Indian MPs in there to speak for the Indians of Canada, just as there are Maoris in the parliament of New Zealand.

They taught their children grandmothers taught him.

She taught them never to be afraid, whispering their fear of lightning and thunder by urging them to stay outside and to face it.

"Love," he said, "is a quest; a proposal, a request; the giving of daughter in marriage, a betrothal, and marriage itself the conquest. But what is divorce?"

Voice from the audience: "The inquest."

An excited woman threw a pencil across the aisle to a shop. "Look at this," she cried. "Just look at it!"

"To look after it," said the girl behind the counter. "What about it?"

"What about it?" shouted the woman. "Why when you sold me that apron you said its color was fast. And what happened? The color came out at the very first washing!"

The girl looked surprised. "Well," she inquired, "wasn't that fast?"

A party of clergymen were attending a Presbyterian conference in Scotland. Several set off to explore the district. Presumably they came to a river, passed by a temporary bridge.

Not receiving a notice that the bridge was unsafe, they started to cross it. The bridge-keeper ran to the spot and protested.

"It's all right," declared the spokesman, not understanding the reason for the objection. "We're Presbyterians from the conference."

"No need to worry about that," was the reply. "But if ye donna get off the bridge ye'll all be Baptists!"

The famous American songstress, Lena Horne, is usually held up as the example of beauty and talent in the world of show business. But the Canadian Indians' Party, the Native Voice, recently revealed that Mrs. Horne's great-grandmother was a Blackfoot, that is, a North American Indian.

Lena's father taught his children the lessons that his Indian grandmother taught him.

She taught them never to be afraid, whispering their fear of lightning and thunder by urging them to stay outside and to face it.

Inter-Race Relations

On our recent trip across the southwest of the United States we were amazed by the contradictions in the inter-racial relationships of the various groups.

Oklahoma, for instance, still has iron-clad laws of segregation of Negroes from white. But the relations between the Chinese and "Whites" seems to be pretty same and square.

The storekeeper was a 1948 version of a highway robber; his prices were out of this world. Then into the store came a shy Indian workman with a beautiful leather bag, looked like a sort of breast band for a horse. It was beautifully tooled and decorated with fine hand-made silver ornaments.

The store keeper changed in the twinkling of an eye. He made the Indian feel like a worm. He didn't see the end of the transaction, but we figured it was the end of his business. He was selling price of his own creation he would be lucky.

We were in a wayside store admitting those Navajo blankets. The storekeeper was a 1948 version of a highway robber; his prices were out of this world. LETTERS TO THE EDITOR

X-Ray Fittings

Editor, Bulletin.—I am a shoe salesman, and hope through the medium of your paper to clarify a point which I am sure will touch a large percentage of your readers.

A surprisingly large number of customers would not buy a pair of shoes unless they were X-ray fitted, which may result in the child's being badly fitted. The X-ray machine will show the bone structure of the foot, thereby showing a shoe a full size too short with still show ample room at the end of the toes.

I am not condemning the shoe which have to comply with the wishes of the customer, but if the customer would have a little confidence in the clerk, who has been trained to fit shoes properly without mechanical aid, then I feel sure that the children would not suffer quite as much.

In the store where I am employed we are equipped with a wide range of last-shaped shoes, so that we can get a pretty good idea of the size required. This is good old common sense.

Edmonton, J. S.

Employ Indians

Editor, Bulletin.—Never was there a greater opportunity to employ Indian people in Canadian industries where they could work side by side with all other fellow Canadians and take their rightful place in the life of Canada.

They are natural born craftsmen and given the chance will make a contribution to the development of Government hospital facilities and medical supplies in some of our most remote areas.

adequate, one wonders if the government realizes the asset our native people could be and revealed that Mrs. Horne's great-grandmother was a Blackfoot, that is, a North American Indian.

In contrast to the proud position held by the Chinese and New Zealand, the preservation

Furthermore, I did not state that I considered the establishment of a Boral School in Alberta to be impracticable. What I did state is that owing to the small number of Indian students in this province who were suitable for Boral training, one single school would not set up a central clearing house and a series of institutions throughout the province for the Boral system of training.

The success of Boral depends on the fact that boys requiring this type of training are given a minimum sentence of three years and are sent to a central clearing house (such as Wornwood Scrubs in England) and then are allocated to an institution which is best suited to their needs and temperaments. It may be to an

of these Chinese were Communists, and already they were organizing the workers in tin mines, on rubber plantations, and along the docks.

As the Malayan union displeased the British, they were given a plan for the present reformation. The sultans signed again, this time after reading the constitution. There was a provision which did not give equal rights to the Chinese and Indians.

Not only the Chinese left-wingers were sore about this. So were the middle-class Chinese, who control much of Malaya's business, belong to the Kuomintang, and contribute to Nanking's coffers.

Communists in the interior have begun bumping off some of these Kuomintang middlemen. More recently they have begun shooting white planters.

What is Britain doing? In addition to emergency measures in Malaya itself, she has sent Commander Malaya to the island of Borneo to Nanking where he talked with Chiang Kai-Shek and discussed matters. He also denied the statement of a British naval spokesman that the British Pacific fleet headquarters were being moved down to Singapore from Hong Kong.

One Strike Beneficial

Editor, Bulletin.—The Australian correspondents of the Christian Science Monitor reports that by accident the people of Sydney have discovered how to stop excessive drinking, or perhaps by accident they may not resume their drinking.

For many weeks those who make their drink system back on strike for better working conditions. Gradually supplies in saloons have been dwindled.

Police report that crimes of violence, especially assaults, have been dropping off since the strike to the security of liquor. Ambulance companies accustomed to pay calls over the week-ends, declare they are almost on the point of locking their doors.

The strike has driven drivers, accident victims, and saloons to almost zero. Saloon owners are alarmed. They fear that many of their customers may not resume their drinking.

At a considerable expense we are teaching our sons how to become sober. It would seem that Sydney, however, to control drinking, has found the most effective method.

Edmonton, A. R. E.

Pen Pal Wanted

Editor, Bulletin.—I am writing this letter hoping that you will be kind enough to put it in your paper.

I should be very pleased if you could get me a pen pal, boy or girl, 14 years old, and who has hobbies are swimming and photography.

For pen pals who shared the year's long road, And bore with us the common toll, For hours that leveled heavy toll, But brought us nearer to our goals, For insights won through toil and tears.

We thank the Keeper of our years, Clyde McGee.

Wherefore let him that thinketh he standeth take heed lest he fall.—I Corinthians 10:12.

Naval Action In a Dinghy

When I was in Eastern Canada recently I spent a day in Ottawa and drove out to 120 Lansdowne Road, a picturesque suburb of Rockcliffe and this has reminded me of the story of Lieutenant Pinkley, RCNVR.

Pinkley is not his real name, but the rest of this unlikely tale is true. Pinkley and I were part of a group of disgruntled servicemen whose peculiar abilities had caused us to be attached to headquarters in the capital.

The town swarmed with alien men who did not fly, sailors who never sailed and soldiers who never fired any angry guns.

The group involved in this story were men of the Navy, Army and Air Force whose heroic job involved writing newspaper and magazine stories or broadcasting—all in the interests of recruiting and something known vaguely as "civilian morale."

A dozen or more of us decided to live together, since we were "on subsistence" as the phrase went, and we succeeded in renting a Colonial mansion at 120 Lansdowne Road, a picturesque place to be designated as Offhand Manor.

Considering the fact that at least half of us were of the lowest possible rank in our respective services, these were uncommonly luxurious bills.

The most recent tenant of the house had been Princess Julia, one of the daughters of the King. The place was furnished exactly as she left it. Pinkley and I shared a kind of nursery where the Princess' youngsters, the Princess Margriet, Irene and Beatrix had slept. Its walls were covered with murals of idyllic Dutch scenes.

was on the shore of a large pond known as Mackay Lake. We chipped in and bought a six-ply Landowne Road, a picturesque suburb of Rockcliffe and this has reminded me of the story of Lieutenant Pinkley, RCNVR.

There was a great discussion, particularly among the navy personnel, about naming this dinghy. One of the air force men said, "You can't call it anything. It is simply a dinghy." So we called it simply. Anything for a small laugh.

The hot Ottawa summer of 1942 wore on and Pinkley's unhappiness grew. Some of the members of the top-ranking Navy officer at headquarters and again being turned down.

ENVOY GIVES UP BIKE RIDES

LONDON, June 17.—(AP)—W. Lewis Douglas, United States ambassador, has given up those half-mile bicycle rides from home to office through London's crowded streets.

Wanting exercise, the former McGill University principal started them just a week ago. He gave them up as suddenly because Mrs. Douglas worries about the danger that he might be run over in London's left-side-of-the-street traffic.

The British cycle industry gave Douglas a new bike last July.

He'll still use it in the country.

Rail Mediation Talks Snagged

OTTAWA, June 17.—(CP)—With federal mediation efforts in the railway wage dispute snagged, union officials representing 28,000 men said today they were all ready for a general strike to enforce their demands.

Machinery is complete for a walk-out of the Canadian Brotherhood of Railway Employees and other transport workers (C.B.R.E.), these officials said, and it could be in full swing across the country in "a few days."

Meanwhile, a strike vote was still under way among 112,000 members of 18 International Brotherhoods of Canadian railways. The count in this vote was expected to be complete by June 21.

The C.B.R.E. finished its ballot last month, members voting 98 per cent in favor of walking out unless a settlement was reached with the railways.

More Time Is Needed For Palestine Peace

TEL AVIV, June 17.—(BUP)—Count Folke Bernadotte hinted today that his search for permanent peace in Palestine would take more time than the 28-day truce, and that the Arabs and Jews would be asked to extend it.

The United Nations mediator and his assistants arrived by plane from Cairo. Bernadotte's main aim was to discuss peace plans with Foreign Minister Moshe Shertok of Israel.

Shortly before Bernadotte arrived, an air alarm sounded. Planes described as "hostile" were seen everywhere. One was a C-47, another a Spitfire, and a third unidentified. UN representatives joined the people in a trip to shelters. The all-clear came after 30 minutes.

TO SEEK EXTENSION

Arriving at 2 p.m., Bernadotte indicated he might need "more than another month or two" to deal with the Arabs and Jews. Only 22 days of the current truce remains. It appeared he would have to seek an extension, probably for as long as he could get.

Ralph Bunch, assistant to Bernadotte, said the truce was being observed, with no incidents reported anywhere in Palestine.

Asked whether the Arab states gave Bernadotte reason for optimism regarding a political settlement, Bunch replied:

"We have not prepared a political formula as yet. That is what we are here for."

Bernadotte ended two days of discussions with Arab leaders in Cairo yesterday. He announced that the Arab states would send four representatives to Rhodes to join in permanent peace talks there.

STAND OF ARABS

Arab leaders, however, said there could be no settlement of the Palestine issue that recognized the existence of a Jewish state in the Middle East. The Jews will talk on no other basis.

United Nations observers prevented another outbreak in Palestine by obtaining an agreement on disposition of two British military camps at Tira, south of Haifa. Jews charged that the British intended to turn the camps over to the Arabs after the British departure, scheduled for late next week. United Nations observers obtained a pledge from the British to keep both Arabs and Jews out of the camps and to place them in UN custody. All other property evacuated by the British also will be given to UN custody.

725 Millions Distributed In Family Allowances

OTTAWA, June 17.—(CP)—Health Minister Martin said last night in the Commons that \$725,000,000 has been distributed in family allowances since these payments went into effect in July 1947.

Speaking on his departmental estimates, he reported also that he has had to authorize only eight prosecutions for "fraudulent receipt" of family allowances.

Reporting a \$7,000,000 increase in family allowance payments for the current fiscal year, he attributed it largely to a "very sharp" post-war rise in Canada's birthrate.

DP's Leave

HERFORD, Germany, June 17.—(Reuters)—Three hundred displaced persons left the British zone of Germany yesterday on the first stage of their journey to Canada. The emigrants will sail from Antwerp.

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Go On.

More than half of your digestion is done below the belt. That's why when the whole digestive system is out of kilter, the whole digestive system is out of kilter. The 28 is the only medicine that works in Nature's own way.

Take one Carter's Little Liver Pill before you go to bed. This little pill is so small, it's like a sugar cube. It's the 28 that helps you get the kind of relief that makes you feel better from your liver to your toes. It's the 28 that helps you get the kind of relief that makes you feel better from your liver to your toes. It's the 28 that helps you get the kind of relief that makes you feel better from your liver to your toes.

50 Miles of London Docks Paralyzed

LONDON, June 17.—(BUP)—Fifteen thousand striking dock workers virtually paralyzed 50 miles of London docks today, leaving more than 100 loaded ships in the harbor idle.

More than 1,000 stevedores and 1,000 dockers joined the strike today. Prospects were that the port's entire 25,000 dockers and stevedores would be idle by tonight.

NO UNION BACKING

The strike now in its fourth day has no union backing. It began when 11 men refused to load a cargo to the Regent's canal dock, leading to their suspension for a week. The dock labor board penalized them their weekly "attendance money" of 17 dollars for three months.

A special tribunal failed Tuesday to agree on a settlement. An appeals board will hear their cases again today.

Only at the Tilbury and Surrey

Postal Service Is 'Revolutionized'

All First-Class Mail by Air Cited at Postmasters' Meet

CALGARY, June 17.—(CP)—A "revolutionizing" change is taking place in the Canadian postal service, R. H. McNabb of Winnipeg, regional postal director for the prairie provinces, said in an address yesterday before the 20th annual convention of the Alberta branch, Canadian postmasters' association.

Of national interest is the forthcoming air service for regular first class mail, effective July 1, he said. However, for postmasters, the most sweeping changes is in proposed methods of payment to revenue postmasters.

"The new plan is a decided improvement over the old scheme. It will strengthen salaries. The postmaster will know what he will earn for the ensuing year. It brings about the application of a 44-hour week and provides for emergency and Christmas assistance. It provided the benefits of superannuation, as well as vacations for postmasters in grade 31 and up."

"The principles of the new plan shouldn't be cluttered up by problems of the individual post offices," McNabb stated.

"The new plan will be the most progressive step for you postmasters in the life of your association," McNabb also presented 25-year service pins to 34 members of the Alberta branch.

Election of officers will highlight final sessions Thursday.

25-Year Pins Are Presented

CALGARY, June 17.—(CP)—Twenty-five year service pins were presented to the following Alberta postmasters and mistresses yesterday at the annual convention of the Alberta branch, Canadian Postmasters' Association.

Aubrey Wood, Penhold; Cecil T. Hall, Redcliff; A. B. Hughes, Ceres; S. E. Pearson, Bashaw; W. J. Kirby, Rocky Mountain House; G. T. Holben, Galt.

F. W. Hunt, Nobleford; C. H. Wheeler, Nanton; M. A. Murphy, Cowley; Mrs. A. S. Ailing, Lake Louise; Mrs. Annie Harrison, Michel; B. C. Mrs. R. O. McKay, Leduc; Mrs. S. C. Oates, Donalda; Mrs. I. C.

Hollywood Had to Have Jasper's Beauty

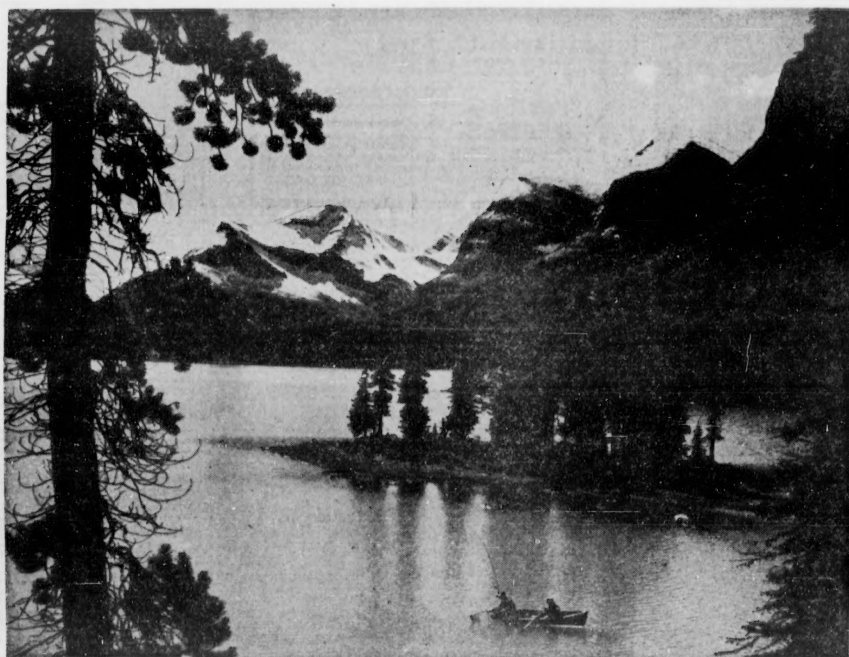

WORTHY OF TECHNICOLOR'S BEST is beautiful scenery of Jasper, North America's largest national park and biggest game reserve. Even Hollywood's genius for creating realistic, super-colossal sets fell down when

Paramount needed alpine background for its newest Bing Crosby picture. So actors, technicians, workmen travelled 2,000 miles from Hollywood to film "The Emperor Waltz" in technicolor amid Jasper vacationland.

TWO WONDERLANDS meet in the Canadian Rockies, the make-believe wonderland of Hollywood and the natural wonderland of Jasper's beauties. For weeks camera crews, actors and directors pitched their sets on

the fine highways at Jasper to shoot scenes for "The Emperor Waltz." In off-hours they enjoyed themselves like any vacationist, playing the fine golf course, riding, fishing, just breathing in Jasper's natural beauties.

HOLIDAY PARADISE is Jasper where scenery justifies the use of any Hollywood superlative. Famed director Billy Wilder who made "The Emperor Waltz" and as a boy wandered in the Austrian alpine country near his

home was greatly impressed by Rockies' great scenery. Maligne Lake is only one of jewel-like lakes that abound at Jasper. And in these lakes there are plenty of fish—and relaxation—for anglers.

ANTIQUATED TOURING CAR which appears in "The Emperor Waltz" was great curiosity to citizens of Jasper when it rolled over highways during shooting of picture.

But in this scene from the film, Rockies once again steal the play away from all performers, human, animal or mechanical.

THE INCOMPARABLE BING is in his element, set against a background of the incomparable Canadian Rockies that make Jasper the great holiday mecca it

is for people all over North America. In "The Emperor Waltz," which has its Canadian premier at the Capitol Theatre today, Bing cavorts and croons in this get-up.

GREAT FISHING and Der Bingle smiles with satisfaction. When Bing wasn't before the cameras he spent all his time enjoying the great outdoor life—golfing,

fishing, riding—which Jasper provides. Bing really caught those trout and also shot more than one round of blistering sub-par golf. Advt.

HOLDING THE JOHN OLIVER MEMORIAL TROPHY are Frank, son of the late tennis star, and Harry Kinloch, who was generally partnered with John in tournaments.

John Oliver Trophy To Pep Up Net Play

The late John Oliver was one of the most popular tennis players in the history of the sport hereabouts. At the same time he was one of the most capable. There was a time when he was perennially the men's singles champion at the Civil Service Club. In provincial competition he frequently was needed in the men's singles event.

Cubs Struck 'Dead' In 8th; 99's Win

Leo Sullivan In Groove But Esks Win 3-2

By Stan Mohr
(Bulletin Sports Editor)

Leo Sullivan is a better pitcher than he was last season. His fast ball is tougher to tag. The Sullivan curve dips and ducks in more puzzling fashion. Also the Califorman has taken to wearing his baseball knickers down around his ankles, which may or may not have anything to do with his improvement.

But for all this the Cubs—with Sullivan doing the bowling—bowed once more to Esks at Renshaw Park Wednesday night.

The score was 3-2.

AGAIN THE FATAL 8TH

Again—as it had been the previous night when Esks triumphed 7-4—the eighth inning proved disastrous for the Motor City team. Sullivan, who had been in the frame for a 2-1 lead, Sullivan, making his first start of the season following his recent arrival from the south, was just six pitches away from his promised end, then the Esks rose up and slammed the door in his face.

There was nothing cheap about the rally, either.

Frank Gonzales led off with an honest-to-god single to left. Gene Perani moved him along a peg, via the sacrifice, following which Ed Morris (Esks) stepped to the bullpen in left, good for a ground-rule double, and Gonzales came over with the tying run.

Ken Samis struck out as Sullivan momentarily applied the brakes but Clarence Melbye, his pitching opponent, laced a change-of-pace offering to left to score Morris with what proved to be the clincher.

Cubs didn't exactly curl up despondent in the eighth but they did get hit. In their last turn at bat they threatened to get right back in the game.

After Al Superschin had popped to Samis for the first out Andy Cleveloch, pinch-hitting for Bernstein, drew a base on balls. Ed Morris then came in to bat and he, too, drew a base on balls. In the eighth Esks' power paid off as they struck for their 14th win against an even dozen losses.

BULL-PEN MUSING: Management of Cubs released 'Bernie' Bernstein and Don Fort following the Esks' counter-attack. The talk was that both boys asked for their freedom because they felt they were being held back by the team. They leave for their California homes some time today.

John Ducey spent Tuesday scouring the talent at the Galahad tournament, returned empty-handed. He enjoyed the trip immensely. Lefty Grove accompanied him and sat in on some interesting baseball. . . . However, he decided there was nothing thereabouts calculated to help the reeling Cubs.

Ed Morris switched his lineup slightly for Tuesday's contest. . . . He kept Ralph Morgan, regular first baseman, out of action in case it might be necessary to use him in a relief pitching role. . . . Jack McGill came in from left field to take over at first and Jerry Seaman went to the garden. . . . The new combination was all to the merry season.

Seaman's one-handed stab of Bernstein's liner in the fifth was one of the fielding highlights. . . . Jack Bartlett's meat-hand grab of

neys a few years back. The trophy is up for competition for the first time and will go to the doubles winners in the city tourney, which opens Saturday. —Photo by Bill

IS THERE ANYTHING TO THESE WHISPERS?

Will Edmonton be represented on the Alberta team in the ladies' inter-provincial golf championship this season?

There are a few whispers in the breeze that say it is highly possible the capital city will not.

Two meetings have been held by the Ladies' City Golf Association, and it is understood nothing has been done about the situation, including the raising of funds.

Both Edmonton and Calgary have some top-notchers in the feminine ranks and last season the Alberta team finished fourth at Toronto. The foothills city has already started the spadework for sending representatives this year.

Hayes Blanks Mortons With Smart 2-0 Effort

Ruth Hayes from Hardisty uncorked a sizzling two-hit pitching job at Kingsway Park Wednesday as Walk-Rites feature a 2-0 homecoming on Mortons. In a second ladies' football battle South Side crushed Burns Shamrocks 15-7.

Singles to Mary Miller and Kay Lyons in the sixth and eighth respectively was as liberal as Miss Hayes became. Her major ringer Anne McGhee, Ann Schroeder, and Tillie DeHappard for 10 hits.

Hayes blanked Morton in the first inning. But they collapsed before South Side's four-run barrage in the second and eighth, and one in the sixth and seventh.

Thora Stewart and Minnie Wilson got off on their best foot of the season with five runs in the first inning. But they collapsed before South Side's four-run barrage in the second and eighth, and one in the sixth and seventh.

Burns got off on their best foot of the season with five runs in the first inning. But they collapsed before South Side's four-run barrage in the second and eighth, and one in the sixth and seventh.

Leblanc Sparkles In Oiler Victory

Frenchy Leblanc sparked a three-run McGill Frontenac surge in the ninth at Victoria Park Wednesday to edge Unemployment Insurance 4-3 in an intermediate C football encounter.

Leblanc powdered a double to score the seventh and tying runs for McGill. Then A. Watt drove a clean single to centre, sending Leblanc home with the winning tally.

SCORE BY INNINGS:
Unemployment . . . 200 000 0-3 11 2
Frontenac . . . 000 000 0-0 0 0 0
Total . . . 200 000 0-3 11 2

Ed Morris switched his lineup slightly for Tuesday's contest. . . . He kept Ralph Morgan, regular first baseman, out of action in case it might be necessary to use him in a relief pitching role. . . . Jack McGill came in from left field to take over at first and Jerry Seaman went to the garden. . . . The new combination was all to the merry season.

Westlawn Bowling

The Westlawn Lawn Bowling Club will hold a jiffy competition on Thursday evening. All city bowlers are invited to attend. Regular Friday draw will commence at 7:30 p.m.

Red Sox Batters Mauling Cleveland's Star Hurlers

NEW YORK, June 17. — (CP) — There's trouble ahead for Cleveland Indians unless their formidable pitching duo of Bob Feller and Bob Lemon get back on the beam.

Boston Red Sox handed the front-running tribe a 7-4 losing Wednesday, teeing off for 13 hits against Feller and Lemon, to his fifth straight defeat.

Lemon, still one of the American League's most effective pitchers, hasn't done so badly, but he too felt the brunt of Boston's batting power in dropping a decision to the Red Sox Tuesday night.

For the time being, mound deficiencies haven't hurt the Indians in the league standings. The second-place Philadelphia Athletics, with more than half their starters

Two Ryder Cuppers Set Tourney Pace

CHESTER, England, June 17. (AP) — Fred Daly and Max Faulkner, two British Ryder Cup golfers, led the field with a pair of 69s Wednesday at the end of the first round of the Manchester Evening Chronicle £1,000 (\$8,000) professional golf tournament.

Lawson Little of Monterey, Calif., was well placed at 72, surging home on the back nine in a five-under-par 53. Jimmy Thomson of Los Angeles was in the pack with 80 strokes.

Stamp Puck Ace Hits 2 Homers Against Buffs

CALGARY, June 17. — (CP) — Big John Carpenter scattered eight Buffalo hits over the nine-inning route Wednesday night to hang up his sixth straight Alberta Big Four Baseball League victory and pace Calgary Puritty to a 5-2 victory over their city rivals.

Three towering home runs, including a brace by Archie Wilder, and Carpenter's cagey harling job, sparked the league-leading Oilers to their win over the runner-up Buffs. Carpenter's win also made him the leading hurler in the league with six wins in as many starts—one more than team-mate Tony Mize who boasts a 5 and 0 record.

Wilder opened the scoring in the second inning when he smacked a long drive over the left field fence and repeated the performance when he stepped to the plate again in the sixth.

Choukaio who followed Wilder to the plate in the sixth, singled to right field and Dick Noon poked out the third homer of the night to drive him in. Puritty also put to bed a run in the third inning, while a two-bagger by Pope and a single by Morris drove in Buffalo runs in the seventh and ninth innings.

BOX SCORE
Puritty . . . 5 2 0 100-13 8 5
Buffalo . . . 2 1 0 100-13 8 5
Total . . . 24 10 27 200-26 17 10

SCORE BY INNINGS:
Puritty . . . 000 000 100-13 8 5
Buffalo . . . 000 000 0-0 0 0 0
Total . . . 24 10 27 200-26 17 10

Gow Homers Twice As T-P Triumphs

A five-run barrage in the eighth inning gave Taylor and Pearson the necessary margin to overcome Waterous 13-11 in an intermediate A football game at Kingsway Wednesday.

Bill Gow whacked a pair of home runs for Waterous and Don Murray socked another in a losing cause. Ian MacDonnell collected the lone TP four-bagger in the eighth with one on.

LINE SCORE:
Taylor Pearson . . . 200 000 100-13 8 5
Waterous . . . 11 1 0 100-13 8 5
Total . . . 200 000 100-13 8 5

Hanna to Build Curling Rink

HANNA, June 17. — At a recent meeting of the Hanna Curling Club it was decided to build a five-sheet rink with work to commence as soon as possible.

Seven acres have been purchased at the west side of town which is to be known as the Hanna recreation grounds. When all plans are completed there will be a curling rink, skating rink, swimming pool surrounded by a park.

A tricky roller from the hat of Ken Samis in the next stanza also was high class. . . . Tony Chulia's triple was a 350-foot smash to the wall in right.

Dodger Midgets Rally in Seventh

The "lucky seventh" came to the rescue of Dodgers at the Maple Leaf Stadium Wednesday night.

Playing the Cards on Maple Leaf diamond, the Dodgers came to bat in the seventh facing a five-run deficit. They pushed across that many runs and earned an 11-11 deadlock. The game was called at the end of the inning due to darkness.

Pitching of Ernie Pelech, who allowed only five hits, and Bruce Clarke, whose offerings were slugged ten times, highlighted the game. Clarke whiffed six batters and didn't get much support in the field.

SCORE BY INNINGS:
Dodgers . . . 000 000 0-11 11 5
Cards . . . 000 000 0-11 11 5
Total . . . 000 000 0-11 11 5

Telephones Win

Alberta Government Telephones signed up Diamond Park with CN Express by a 25-4 count in intermediate B football Wednesday night.

Scona Snips N. Edmonton Win String

South Side finally clipped North Edmonton's juvenile baseball victory string via the 7-5 route on the latter's home grounds Wednesday. The Scona verdict allowed the idle Westmont club to move into undisputed first place.

TIGHT HURLING DUEL

At Brenda of South Side and North Edmonton's Red Sarafin tangled in a tight pitching duel. Brenda allowed three hits and struck out 11, while Sarafin was touched for the same number of baseknocks and whiffed a dozen.

Bill Robinson's South Siders scored four in the fourth to move back into contention after North Edmonton had swept ahead 6-0 in the first three frames. Two in the fifth tied the score and a singleton in the sixth broke up some game in favor of South Side.

Sarafin issued six walks to more or less set his opponents up for their fourth-inning rally.

LINE SCORE:
South Side . . . 000 401-7 3 4
North Edmonton . . . 000 000-6 0 0
Total . . . 000 401-7 3 4

DISTRICT NEWS IN BRIEF

Vermilion Legion Finances Healthy

May 25 Net Profit is \$525;
Balance Owing on Hall Paid

VERMILION, June 17. — Post No. 11, Vermilion branch Canadian Legion held a regular meeting on Monday evening with 35 members in attendance. The treasurer's report mentioned a donation of \$50.00 to the Legion building fund from Vermilion Lodge AF & AM and a valuable oak table donated for Legion use by Fred Wilson.

Net balance from May 25 activities was given as \$525.00. Balance owing on the erection of the new Memorial Hall is \$2,500.00.

Comrade V. Tillett, delegate to the Dominion Convention held in Saskatoon May 25-27, gave a concise and interesting report on convention activities. He mentioned that he and forty-four accredited delegates from every province of Canada attended. Visiting delegates from Great Britain, USA and elsewhere made a total of 958.

Comrade S. C. Heckbert, also a delegate from Post No. 11, gave a brief account of some sidelights on the Saskatoon convention. The Governor-General and Lady Alexander had expressed a feeling that the day spent in Vermilion had been the happiest day of their Dominion tour.

The Post voted that the fountain pen used in signing the register on May 25 be donated to Comrade Heckbert and that a small plate with particulars engraved be attached to the pen as a mark of appreciation of his services as chairman of the management committee for activities of that day. Decoration Day was set for August 8 and Comrade A. M. Holte was appointed chairman of a management committee to arrange for activities.

Wheat Pool Agents Hold Convention

HARDISTY, June 17. — Alberta Wheat Pool agents' convention was held in Hardisty on June 16. Territory covered was from Hayter to Strome and from Heister, Galahad and Alliance.

Addresses were given by officials of the Pool. Among those present were G. Purdy, manager, Wheat Pool; W. McLeod, retiring division superintendent; Lloyd Norrall, new divisional superintendent; H. Ransom, travelling superintendent; two field men, W. Grafton and J. Dalninski; Lew Hutchinson, pool delegate; and two Wheat Pool delegates, George Smith of Provost and Charles Hays of Strome.

3 British Rubber Planters Killed By Chinese Gunmen

SINGAPORE, June 17. — (AP) — Malayan dispatches said Chinese gunmen killed three British planters today in a renewal of Communist terrorism along the Malay peninsula.

The dispatches said the bandits—allegedly Communist-inspired—attacked rubber estates in the Sungai Siput area 20 miles from Ipoh, killed the three planters and took their valuables.

The planters were identified as J. E. Walker, J. M. Allison and C. H. Christian.

U.S. Bill Would OK Alaska Rail Talks

WASHINGTON, June 17. — (AP) — Negotiations to build a Canadian railroad line from Prince George, B.C., into Alaska were authorized yesterday by the house of representatives foreign affairs committee.

The measure would direct the government to arrange for pushing a Canadian line to the Alaskan border, then plan a link with the present Alaskan system at Fairbanks.

ACCUSED GIVEN LEASE ON LIFE

CALGARY, June 17. — (CP) — Kenneth Miller of Calgary was given a new lease on life yesterday. Appearing in police court on a vagrancy charge after he had tried to cash a worthless cheque with a local furniture company, he learned that the company not only refused to press the charge, but would offer him a job and a place to live. He accepted the offer and was remanded to Sept. 15 for sentence.

Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR FRIDAY, JUNE 18, 1948.

March 21 to April 20 (Aries) — Stimulating for investments. Have faith in your own judgment for the future. Head each act and word done in time of trouble.

April 21 to May 20 (Taurus) — You are steady and sure. You will achieve ample assistance from various sources to carry on to success today. You will breathe gains, you will achieve a worthy goal.

May 21 to June 21 (Gemini) — Very active. If you are bent for reckless thrills or unreasonable desires, you will find a fair chance to function without force or impulse.

June 22 to July 21 (Cancer) — Really prosperous. Interesting day. Do not miss out by late start or laxness in opening. Manufacturing, building, machinery, professions, workers among top favored.

July 22 to August 21 (Leo) — Especially encouraging for sound financial matters. Do not divulge confidential or personal truth.

August 22 to September 21 (Virgo) — Outlook for perfect science in heart with you. Writing, all artistic endeavours, teaching should prove prosperous. You can turn your cash into money today.

September 22 to October 21 (Libra) — Wide-awake action and ambition. You can turn in a fine day's work. Be convinced of your ability to succeed and you will, but not without real effort.

October 22 to November 21 (Scorpio) — You are up against plenty of opposition in business, personal plans (mostly through unseen channels). State your facts, be sincere but calm; avoid misunderstandings.

November 22 to December 21 (Sagittarius) — A well established front, with forthright and honesty can make appreciable advancement in both business and personal affairs. We warn against haste, ill temper.

December 22 to January 21 (Capricorn) — Considerable activity indicated. Employers and employees both are under this economy, thus there is need of police, good fellowship. Economize with time and expenditures.

January 22 to February 21 (Aquarius) — You can help bring your personal and business interests to greater prominence by studious application, met with strong effort. Take time out for family, loved ones often.

February 22 to March 21 (Pisces) — Buck up, some things uncertain. On your own in most instances. You have been nervously unsure of self; bring out your innate fine qualities, have confidence in YOU!

YOU BORN TODAY: Take things in general quietly. With less anxiety, may tune up your attitude for getting the hang of things quickly. Avoid being discontented with your status and climb with the slow-but-sure process. You have ability to fit in anywhere, but be careful where you choose. You like new places, faces, jobs—but remember the "rolling stone"!

Admirably suited to artistic trades, professions. Ask true knowledge, religion, good companions. Birthdate: Chas. M. Daladier, French statesman; J. P. S. G. L. Macdonald, singer; Robert Stewart, Viscount Castlereagh, British statesman. (Copyright, 1948, King Features Syndicate, Inc.)

Opening Left-Hand Door On Highway Rapped By Judge

CALGARY, June 17. — (CP) — It amounts to negligence for a person to open the left-hand door of an automobile into the travelled portion of a highway without first exercising due care and caution, Judge L. H. Stuck said in a collision case judgment handed down in district court yesterday.

He awarded Thomas A. Hislop of Calgary \$100 and costs against W. Fisher, also of Calgary, arising out of an accident here Sept. 4 when an automobile driven by Mr. Hislop struck the left-hand door of Mr. Fisher's parked vehicle.

Labor's Earnings Up 194 Million

OTTAWA, June 17. — (CP) — Canadian labor's earnings jumped by \$194,000,000 in the first quarter of this year as compared with the same period last year, the Bureau of Statistics reported Tuesday.

A larger working force and higher average earnings raised the 1948 quarterly total to \$1,667,000,000 from \$1,413,000,000.

Over the period, the bureau said, average weekly income in the nine leading industries was about 13 per cent higher than in the same quarter of 1947.

At the same time, it noted that on the average for the 1948 period, the cost-of-living index was up 17 per cent from that of the corresponding 1947 quarter.

For March, labor income was estimated at \$533,000,000, down \$38,000,000 from February but up \$38,000,000 from March of last year.

Though increases were registered in the earnings in agriculture, mining, transportation and services, they were not enough to overcome drops in the logging, manufacturing and construction industries.

Ex-Mayors Seek Seat on Council

PERINTOSH, June 17. — William Kuhnke and Robert Slinger are the nominees for councilmen. This is a byelection made necessary by the resignation of Mayor Alex Ramsay, who is leaving Perintosh soon. Both the nominees are former mayors of Perintosh.

Daysland Wedding

DAYSLAND, June 17. — Marlin Ruth Green, eldest daughter of Mr. and Mrs. Lincoln Green, of Daysland and Arnold Lowell Sjorlie of Camrose, were married here recently. Rev. Gray W. Rivers performed the ceremony.

Miss Merle MacPhee played the wedding march and Mary, sister of the bride, was bridesmaid. Edie Sjorlie, cousin of the groom, was best man. Miss Bonnie McLeod was soloist.

WEASELS BECOMING NUISANCE AT ROCKY

ROCKY MOUNTAIN HOUSE, June 17. — E. M. Bryant, who farms two miles southeast of town, shot a weasel in his henhouse today, after it had killed all his setting hens and destroyed the eggs that were almost ready to hatch. The animal, the largest one of its kind ever brought in to Rocky, measured 22 inches from tip to tip.

Weasels are getting much more plentiful around here, many farmers complaining that they are losing fowl every day to them. Mr. Bryant shot two in March after they had killed several hens, and did not see any more until a week ago. He set traps but the weasel would not go near them, but today it appeared when he went out to do the chores, and he managed to get it with a .22.

Many farmers are trying to get dogs that will kill the weasels but with little success so far.

Big Crowd Attends Holden Stampede

HOLDEN, June 17. — About 5,000 people attended the third Holden Stampede held last Wednesday and sponsored by the Elks. Cool weather made things pleasant for the crowd attending. Archie McDonald of Red Willow was announcer and Judges were J. Boyce and L. Bruce.

Joe Keller of Calgary won first place in the saddle bronk riding the prize for which was \$136. In wild steer decorating George Aldoff of Albuquerque, New Mexico, took first place, winning \$88.

Padget Berry won \$96 when he captured first place for calf roping. Hiram Powers of Albuquerque, N.M., won \$82 as first in bareback riding. Wallace Lindstrom of Aldridge, Wallie Graves, Lacombe and Hiram Powers divided first place in steer riding, each winning \$45. Bob McKay of Black Diamond won the wild cow milking contest.

Druggists' Head Attends Convention

MANNA, June 17. — M. J. Devereaux attended the Alberta druggists' convention held in Edmonton the beginning of this week. Mr. Devereaux has been president of the organization for the past two years.

School Drama Society Active at Elk Point

ELK POINT, June 17. — Members of the Elk Point High School Drama Society presented a sparkling three-act comedy entitled "A Case of Springtime" here recently. This play was produced by special arrangement with the publishers.

The cast consisted of Vern Raham, Lillian Miller, Peter Shankowski, Eugene Dembicki, Gertrude Keck, Margaret Yacyna, Virginia Arnold, Joyce Milholland, John Yacyna, Larry Selland, Andrew Borutski, Ignat Sietko, Victor Cline and Doreen Lindquist.

Those responsible for the play, behind the scenes, were: stage manager, Leslie Young; stage crew, Andrew Borutski, John Yacyna; properties, Peter Shankowski and Larry Selland; lighting, Eugene Dembicki and Ignat Sietko; costumes, Virginia Arnold, Margaret Yacyna, Lillian Miller and Gertrude Keck; sound, John Yacyna, Larry Selland, Victor Cline, Vern Raham and Joyce Milholland. The play was directed by J. V. Jacobson.

Seven Graduates at Mannville

MANVILLE, June 17. — Graduation ceremonies for Mannville Grade XII students took place in the Orange Hall last Wednesday evening with students of the high school, parents and friends present.

The graduating students were Minnie Pulyk, Therese LePage, Jacqueline Antrim, Eva Ewers, Corinne Johnson, William O'Connor, and Roy Arnold. Roy Arnold delivered the valedictory and E. W. White, inspector of schools gave the main address.

The program also included an action song by intermediate girls and several choruses by the high school. The lunch was arranged by a committee of Grade XI girls and was served by the intermediate group.

Pioneer Farmer Dies at Camrose

CAMROSE, June 17. — John Lock, one of Camrose district farmers and dairymen passed away on June 16. He was born at Burton, Quebec and was 68 years of age at death. Mr. McNeight was a long time in the Camrose area. He had not been well for the past ten years, but kept an active interest in community affairs. Funeral services were held on Saturday, at the Camrose United Church.

British Reorganize Colombia Police

BOGOTA, June 17. — (AP) — The government announced yesterday that a mission from Britain's Scotland Yard has arrived to reorganize Colombia's national police. Sir Norman Smith heads the group.

ON THE FARM With Ted Horton

"But only God can make a tree,"
Poet Joyce Kilmer said prettily, like that, but P. D. Hargrave of the provincial agricultural experimental station at Brooks, put a more practical emphasis on it recently.
He was speaking to the agricultural service board conference at the University of Alberta to representatives of 31 municipal districts.
Trees should be planted on marginal and sub-marginal land, he urged.
The instant a farmer who 24 years ago, had planted spruce on a "barren" land.
The waste-land wasn't worth a nickel, but this year the farmer is reaping a harvest from it, at eight dollars a pole for the spruce planted at that time," he said.
"That is real compound interest," he said.

Trees combat soil erosion, drought, provide fire wood and were one of God's finest gifts to man, he said.
Mr. Hargrave made particular reference to the Morinville district, one of the most fruitful in the province.
In the early days, when the district was first settled, it was well-wooded and was more fertile than it is now.
"But," he added, "today farmers at Morinville must go 20 miles to get a load of firewood."

New brickbats and large quantities of bouquets were tossed to the men who serve on the provincial service boards in the province.
Along with the orchards the farm-boards get plenty of good soil advice, which can be the entire gamut of agriculture from how to conduct meetings, to a visual demonstration at a St. Albert farm of the havoc wrought by soil erosion.

A. M. Wilson, provincial field crops commissioner and chairman at the session, had a word to say about costs of operation of the boards.

He said less than one per cent of taxes collected in any municipality was used to reimburse the service board watch-dogs on good farming conditions in the municipal district.

Hon. David Ure, minister of agriculture, joined others in presenting tribute to the service boards for their excellent work.

Jim Goode, district agriculturist at Westlock, is very proud of his junior club and announced proudly that the youthful cutters are holding their show at Westlock on June 30.

Scientific experiments in the much-touted field of rain-making,

by the use of dry ice, have shown the process works if:
1—There are clouds.
2—They are at the right height.
3—There's rain in 'em.
Otherwise all the dry ice there won't bring down a drop of anything—but dry ice.

At Lethbridge, where rain-making experiments have been going forward, a new hope is seen to brighten the life of the farmer.
It is thought it might be possible to induce potential hail clouds to unload their cargo as gentle rain with dry ice instead of as pelting little atom bombs and lightning.

He calls his machine, consisting of a pair of magnets, a "universe" and has underlined to link it up for the duration of the Medicine Hat rodeo on Saturday.
It rained every evening of the seven he turned his machine on but they were only showers.

His latest underlining has been to produce something of a gully wash.
Reports from the International Federation of Agricultural Producers Conference in Paris indicate delegates were worried about over-production.

But others, the latest a speaker at a staff convention this week, fear the world will soon be over-populated and unable to feed its teeming millions.

That doesn't add up.

Two Edmontonians received academic honors from Stanford University, California, Sunday in the largest commencement exercises ever to be held at that institution.
The first, Cecile Lea Shion, was awarded a Master of Arts degree by the School of Education.

NEW YORK, June 17. — (CP) — The Canadian dollar was up 1/2 of a cent at a discount of 6 1/2 per cent in mid-day foreign exchange dealings today. The point stood was unchanged at \$4.034.

PARADE OF THE GUARDS on the occasion of the King's "official" birthday was viewed by Her Majesty King George and Queen Elizabeth at Olympia, London. The occasion was the first since the war when the Life Guards have paraded in their traditional colorful uniforms.

Alberta Farmhands Start Eastward Harvest Trek

FURLONG HEADS TRANSIT BODY

BANKER, Alta., June 17. — (CP) — W. H. Purling of Windsor, Ont., last night was elected president of the Canadian Farmers' Association. He succeeds E. D. Gray-Dunn of Quebec City, who presided over the first annual meeting.
Mr. Purling, chairman of the Sandwich, Windsor and Amherstburg railway, was elected at the final general business session of the convention.
Delegates also voted to hold the 1949 convention at the Royal York hotel in Toronto.

BANGKOK, June 17. — (AP) — Shrewd intelligence agents arrested 50 Chinese yesterday in raids on Chinese secret societies here. Those arrested, charged with engaging in political activity, included 20 teachers.

AT THE AIRPORT

Namoo Project Ready to Start

Namoo airport will boast a town of 3,000 population, besides one of the greatest airports in the world, within five years.
Air Vice Marshal K. M. Guthrie, Air Officer Commanding, Northwest Air Command, has revealed that construction of the first housing units will begin this summer and 25 are expected to have reached completion by fall.
Construction work is now awaiting completion of natural gas pipelines and lumber is being stockpiled until building gets under way.

Five hundred homes are expected to be built before the completion of the five-year plan for the airport's development.
Population of the town will include an RCAF airfield of about 900 men.
Air force operations will continue to make use of the Edmonton airport until some additional work on the air strip at the new dome is estimated.

Estimates for this year's construction have not yet been revealed, but the AOC predicted that "it is certainly going to be a big program."
Plans for the town include a store, hospital, school, theatre and administrative buildings. In fact, it will have all the facilities for living and entertainment of any town comparable in size.

The man who can dream up a method of keeping the airport runways free of snow will be using local aims a big favor.
Airport officials are worried about damage being caused by the usually ineffective bits of rock which seem to drift onto the runways in spite of any and all precautions.

As is often the case, the "little" have to suffer for deeds of the "big" in that propellers from large aircraft seem to put the stones on the runways. From there, it's just a short jump in the slipstream to punch holes in tail surfaces of small, fabric-covered craft.

Department of transport officials have released figures which are the concern of all airmen and those who seek to cut down the number of aircraft accidents.

The number of flying accidents increased from 178 in 1946 to 279 in 1947. There was, of course, a large increase in the amount of flying done during the past year (and here's where skippers can

Alberta will be able to fill its quota of harvest workers for aid to Ontario farmers, agriculture department officials said today.
National Employment office and district agriculturalists are meeting as working off-sets in the inter-provincial campaign, to relieve seasonal shortages of farm help.

The movement expected will flow to Ontario for ten dollars, but are warned this only buys them a seat in a day coach and they should have enough money and food to see them to journey's end.
The movement expected will not be concluded for another three weeks.
The return journey also costs the workers only ten dollars, but they must return between August 15 and 30 to get advantage of this privilege.

Under the reciprocal arrangements, made between provincial farm labor committees, it is expected numbers of Ontario farm helpers will come west at about the same time as the westerners return.

EMBARGO OFF ON B.C. MAIL

All classes of mail may be sent to British Columbia now that the flood situation has eased, Postmaster-General Bert Ford announced today at Ottawa.
The June 1 embargo placed on all but first-class or air mail to B.C. points has been lifted as trains operating through Vancouver.
Mail did not pile up at the Edmonton post office, as a result of the restriction, because it was forwarded as usual to Calgary.

Highland Parade On June 27

Annual open air Sunday services and parade of the Edmonton Highland Games Association will be held June 27.
Rev. K. C. McLeod will officiate at the service, which will be attended by Knox Church choir and the Salvation Army band.
The parade will gather at Campbell's furniture store at 2 p.m., and will parade to Jasper, then along to 167 street, and south the 102 street grounds of the legislative buildings.

Relations Board Has Busy Month

Alberta's Board of Industrial Relations carried out 3,537 inspections and interviews, heard 467 complaints and collected back wages for 282 employees during April.
Hon. Dr. J. L. Robinson, minister of industries and labor announced today the work of the board is expanding. During the same time last year 3,167 inspections and interviews were held, 126 complaints heard and 216 employees received back wages.

Military Notes

The 36th Casualty Clearing Station, R.C.M.C., will parade Friday, pickups, as usual. Personnel of 13 and 51 regiments will be tested and all members must be in parade.

City Groups To Aid Flood-Stricken B.C.

Mayor Ainlay Heads Drive Which Opens Here Monday

Edmonton's campaign to raise funds for relief of British Columbia flood victims will officially open on Monday. This was decided at a meeting of the campaign committee held Wednesday at the civic hall.

Mayor Harry Ainlay was appointed chairman of the committee, with Ald. Sidney Paterson as vice-chairman to act in the mayor's absence in eastern Canada.

Committee members are: Julian Garrett, John D. Tower, Mrs. M. J. O'Connor, Mrs. C. E. Ryan, Mrs. A. E. Ward, Salvation Army, the P. J. Board, Mrs. G. E. McEwen, S. H. Sheffield, H. S. Fuchs, Alderman G. E. Gleason, and A. A. Campbell.

The committee is composed of representatives of the Canadian Chamber of Commerce, Red Cross, Salvation Army, Ministerial Association, Catholic Diocese of Edmonton, Trades and Labor Council, and service clubs.

Arrangements have been completed with the chartered banks and treasury houses to accept donations to the fund.

Endorsement of the fund also has been secured by the Edmonton Education Advisory Board.

Contributions to the fund will be deposited in the campaign box, and receipts will be given for all donations of \$1 and over.

Mayor Harry Ainlay will draft a letter of appeal which will be sent to all churches in the city and district, and superintendents of city schools will be asked to assist in securing the help of school children.

The Salvation Army is appealing for donations of men's clothing such as socks, suits, shirts and working pants. It is desired that only men's clothing is collected.

Donations can be sent to the civic hall, the Chamber of Commerce office, and through and chartered bank or treasury house.

Thorium From Sand
MANILA, June 17. — (AP) — The Melbourne radio said today that Australia is concentrating thorium from sand on her east coast beaches for use in atomic energy projects. There was no elaboration.

Light Music Features Junior Presentation

Annual summer concert of All Saints' Junior Chorus, under the baton of Norman Underhill, will feature light music.
Concert will be held Friday night in All Saints' Parish Hall, beginning at 8:30 p.m.

CHIA Elects
Clark As Head
C. B. Clark, 1186 St. Avenue, was elected president of the Edmonton branch of the Canadian Institute of International Affairs at a recent meeting.
He succeeds Walter H. Johns, former chairman, and is joined by E. W. Thynne, vice-president; Kenneth MacKenzie, secretary; Norman St. Laurent, treasurer; Charles S. Burdett, librarian.
Members of the executive are: W. J. D. Jones and Arnold Clark.

RAVINE BRIDGE
Under Repair
Repair work on the Great Ravine bridge on 102 avenue, west of 124 street, will be completed within two weeks.
The footings of the bridge were undermined by the heavy spring snow.
Piles are now being driven under the footings at the south-west corner of the structure.
Work on the approach to the 102 street bridge is going forward, and will be completed by the time road gangs are ready to pave this section of the roadway.

CREDIT UNIONS SHOW GROWTH

Assets of credit unions in Alberta at the end of April were \$2,021,000 according to a report issued today by Hon. Dr. J. L. Robinson, minister of industries and labor.

Of the total assets, \$2,116,000 are loans to credit unions, loans, and \$2,021,000 are in other assets.

Three new unions were incorporated during April, 1948.

They were at Grande Prairie, Hinton and Kinsburg.

Bitumont Tests In August

Test run of the Bitumont oil extraction plant will not be made until August.

Officials of the Alberta government, who are in charge of the plant, say they have decided the machine shop and equipment for the plant, which has been in operation for some time, has been completed.

It is expected that statement of claim will be heard in supreme court next week.

The government had hoped to start test runs in June this year to determine the commercial feasibility of extracting oil and gas from the oil sands which underlie vast stretches of the Athabasca region.

SHOPPING GUIDE

B.C. Produce Back In Normal Supply

By Bea Thrilly

Fruit and vegetables should be completely back to normal by the week-end.

Rail connections, severed because of raging floods in the Fraser river valley, have been resumed and will be running on schedule within the next day or so.

Wholesalers, jubilant at the news, say full supplies of B.C. produce will be on our local markets for Saturday shopping. Although re-routing through the United States has kept our markets supplied — quantities have been limited.

They're putting everything in this time — even heat. You can buy a small tin of heat for 45c.

No fumes, no smoke — just heat. This is ideal for out-door cooking.

Asparagus, now selling for 29c a pound is a highly delectable if perishable food.

To prevent waste of the fresh vegetable — try not to buy more than you can use immediately. But if it is necessary to keep it over night until the bunch, trim off the tough ends, rinse in water and dry.

Place stalks in a covered dish or in waxed paper and leave in the refrigerator.

Patterns

By Anne Adams

Sew it for a beach or country sunhat. Add the bolero to take you to tea and to the Club.

Pattern 4538 is perfect for both. So much style for so little sewing!

This pattern, easy to use, simple to sew, is treated for fit, includes complete illustrated instructions.

Pattern 4538, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100, 102, 104, 106, 108, 110, 112, 114, 116, 118, 120, 122, 124, 126, 128, 130, 132, 134, 136, 138, 140, 142, 144, 146, 148, 150, 152, 154, 156, 158, 160, 162, 164, 166, 168, 170, 172, 174, 176, 178, 180, 182, 184, 186, 188, 190, 192, 194, 196, 198, 200, 202, 204, 206, 208, 210, 212, 214, 216, 218, 220, 222, 224, 226, 228, 230, 232, 234, 236, 238, 240, 242, 244, 246, 248, 250, 252, 254, 256, 258, 260, 262, 264, 266, 268, 270, 272, 274, 276, 278, 280, 282, 284, 286, 288, 290, 292, 294, 296, 298, 300, 302, 304, 306, 308, 310, 312, 314, 316, 318, 320, 322, 324, 326, 328, 330, 332, 334, 336, 338, 340, 342, 344, 346, 348, 350, 352, 354, 356, 358, 360, 362, 364, 366, 368, 370, 372, 374, 376, 378, 380, 382, 384, 386, 388, 390, 392, 394, 396, 398, 400, 402, 404, 406, 408, 410, 412, 414, 416, 418, 420, 422, 424, 426, 428, 430, 432, 434, 436, 438, 440, 442, 444, 446, 448, 450, 452, 454, 456, 458, 460, 462, 464, 466, 468, 470, 472, 474, 476, 478, 480, 482, 484, 486, 488, 490, 492, 494, 496, 498, 500, 502, 504, 506, 508, 510, 512, 514, 516, 518, 520, 522, 524, 526, 528, 530, 532, 534, 536, 538, 540, 542, 544, 546, 548, 550, 552, 554, 556, 558, 560, 562, 564, 566, 568, 570, 572, 574, 576, 578, 580, 582, 584, 586, 588, 590, 592, 594, 596, 598, 600, 602, 604, 606, 608, 610, 612, 614, 616, 618, 620, 622, 624, 626, 628, 630, 632, 634, 636, 638, 640, 642, 644, 646, 648, 650, 652, 654, 656, 658, 660, 662, 664, 666, 668, 670, 672, 674, 676, 678, 680, 682, 684, 686, 688, 690, 692, 694, 696, 698, 700, 702, 704, 706, 708, 710, 712, 714, 716, 718, 720, 722, 724, 726, 728, 730, 732, 734, 736, 738, 740, 742, 744, 746, 748, 750, 752, 754, 756, 758, 760, 762, 764, 766, 768, 770, 772, 774, 776, 778, 780, 782, 784, 786, 788, 790, 792, 794, 796, 798, 800, 802, 804, 806, 808, 810, 812, 814, 816, 818, 820, 822, 824, 826, 828, 830, 832, 834, 836, 838, 840, 842, 844, 846, 848, 850, 852, 854, 856, 858, 860, 862, 864, 866, 868, 870, 872, 874, 876, 878, 880, 882, 884, 886, 888, 890, 892, 894, 896, 898, 900, 902, 904, 906, 908, 910, 912, 914, 916, 918, 920, 922, 924, 926, 928, 930, 932, 934, 936, 938, 940, 942, 944, 946, 948, 950, 952, 954, 956, 958, 960, 962, 964, 966, 968, 970, 972, 974, 976, 978, 980, 982, 984, 986, 988, 990, 992, 994, 996, 998, 1000.

Send twenty-five cents (25c) in extra stamps cannot be accepted for this pattern. Print plainly size, name, address, style number.

Send your order to The Edmonton Bulletin, Pattern Department, 60 Front Street, W., Toronto, 1-A, Ont. Please allow a week or 10 days for delivery.

Household Arts

By Alice Brooks

Story-book fashion for your darling! She'll love her Kitty pinafore. Motifs are done in easy embroidery, the sewing's easy too.

Size 6 takes 14 yards. Pattern 7360 has transfer of motifs: cutting chart for sizes 2, 4, 6 included.

Our improved pattern — visual with easy-to-use charts and photos, complete directions — makes needlework easy.

Send twenty-five cents in coin for the pattern (stamps cannot be accepted) to The Edmonton Bulletin Household Arts Dept., 60 Front Street, W., Toronto 1-A, Ont. Please allow a week or ten days for delivery.

Speaking of ice-cream freezers I saw a fine big effort in the old wooden-bucket style selling for the grand sum of \$395. Lot of work—but they produce a lot of good ice cream.

It's indeed a pity that reveals—domestication of the group—have removed some sense as before to be.

Smart fall suitings are already filtering into the stores and it's a wise gal who makes her selections of materials before the choice is too limited.

Tell him that the wife job is like any other job, and that you feel that if you do not give satisfaction you had better resign and go to work for someone whom you can please.

That might wake him up and make him realize what he is doing. You see the trouble with the chronic fault-finders is that they don't know that they do it.

The chances are that your husband doesn't mean a word that he says, and he probably irags to everyone else about how good-looking you are and what a fine manager and a good mother.

A crooked, blunt or rough-edged needle may be the culprit to blame for sewing trouble.

Such a needle is apt to skip stitches, snag fabric and break threads.

For perfect stitches, make sure your machine is equipped with a straight, sharp and smooth needle.

WHY GROW OLD

Middle-Age Bulges Reduced by Exercise

By Josephine Lowman

This letter comes from a reader, and I believe it will be of general interest and so am giving a column to the problem it poses.

This woman writes: "For the past ten years my weight hasn't varied a pound or two either way. BUT—recently I have gained ten pounds and 95 per cent of it is from the waist down. As far as the extra weight goes, I do not mind it. I could reduce by diet if I wanted to but I want to keep that extra inch on my bustline."

However, I refuse to have such a big abdomen and large bulge on my thighs. My diet is the same. In fact, I am eating a little less than usual. Could menopause be the cause of it?

At mid-life, the time of menopause, many women find themselves the unhappy recipients of new and strange bulges. This may be in part the accumulative result of habits of life they have developed over the past few years. Perhaps ten, or even five years ago, they were much more active and indulged in sports which they have since dropped.

Also, they may have more leisure and more money which may mean more rich food. However, the slowing down of the glandular system also plays an important part in the middle-aged silhouette.

At mid-life it takes much more "doing" to remain slim than it did in earlier youth. It takes more discipline in diet and exercise, more determination not to sink into the usual layers of middle-aged fat. Yet this self-discipline is so well worth while.

If you wish to have my leaflet No. 32, "Menopause," send a stamped, self-addressed envelope with your request to Josephine Lowman in care of this newspaper.

Vaccine Produced NANKING, June 17.—(AP)—Chinese scientists yesterday announced successful production of rinderpest vaccine in China.

Ration Boosted VIENNA, June 17.—(AP)—The Austrian food ministry announced yesterday an increase, effective June 21, of 100 calories a day in the daily food ration of the average Austrian consumer. The ration now is 3,700 calories.

Iron Lung Gives New Tb. Treatment

Invention Provides the 'Most Complete Rest Ever Known'

By Howard M. Blakeslee

NEW YORK, June 17. (AP)—The most complete rest ever known, inside a new kind of iron lung, is a recent treatment for tuberculosis shown at the National Tuberculosis Association annual meeting here yesterday.

In this lung a person's lungs do not move, lung rest, as complete as possible, always has been one of the important steps in recovering from TB.

The lung is a long, rounded tube big enough for a man to lie at ease inside, made of shining steel and with plastic windows. A person can enter and leave at will inside, he can talk, read and breathe normally, if he wishes.

But by pressing a button, he can stop all movement of lungs and breathing muscles. The secret is slightly compressed air. The iron lung does the compression rhythmically, taking air from the room outside the tube.

The compressed air flows by its own force into the lung tissues. But it does not expand them, because simultaneously with this inflow the occupant's chest is pressed from the outside by air at exactly the same pressure. The occupant doesn't even feel the compressed air, and more than people feel the change in air pressure that the weather man calls highs and lows. But it takes the patient a few days to learn and to try to breathe.

The tube through which the compressed air contains as much as would be present in a normal lungful.

Twenty of these new lungs now are in use in nine American cities.

Police Identify Three Slayers

SINGAPORE, June 17. (AP)—The government of Penang State, where three European planters were murdered yesterday, asked the Malayan federal government today to declare an emergency in the whole state.

An emergency was declared in two districts of the state yesterday, as well as in all of Johore state.

At Kuala Lumpur, the federal executive council held a special meeting to study current widespread lawlessness and terror in Malaya which some officials say is Communist-inspired.

Police said they had identified the slayers of the three planters as members of the Lai Peng Pao, which they described as a Communist "gang." Latest reports from Penang said the situation is quiet.

Police arrested 46 suspects last night in a raid on two Communist-controlled newspapers in Kuala Lumpur. Charges against them were not made public.

Trio Jailed For Cheque Racket

VANCOUVER, June 17. (CP)—Prison terms were given two men and a woman here yesterday after conviction on charges involving a worthless cheque racket. Alexander Cavados, 25, of Vancouver, was sentenced to 18 months in jail and James Katsouras, 22, Raymond, Wash., to 17 months. They were charged with conspiracy to defraud banks. Police said the charges involved several thousand dollars.

Patricia Kennedy, 21, of Williams Lake, B.C., was sentenced to six months and her sister, Ellen, 19, was remanded a week on charges of obtaining money by false pretences.

Frederick Webster, 19, of Toronto, and Gordon Johnson, 22, Vancouver, were remanded for sentence.

The six were arrested in Calgary after police here had uncovered existence of the cheque racket.

Honorary Degree For T. O. F. Herzer

CALGARY, June 17. (CP)—T. O. F. Herzer of Winnipeg and formerly of Calgary, president of the United Colonization Association, will be awarded the honorary degree of Doctor of Laws by Victoria University, Victoria, June 20. It was learned here last night.

The degree is in recognition of Mr. Herzer's work in bringing peace and civilized persons from Europe to Canada.

Couple Sentenced To Year In Jail

CALGARY, June 17. (CP)—Kenneth and Patricia Munson of Vancouver, who pleaded guilty in police court Tuesday to theft of cash and jewelry valued at \$200, were each sentenced yesterday to one year in jail. The couple were arrested at Marine Beach last week after breaking into a Calgary home June 7.

Mental Escapee Is Recaptured

CALGARY, June 17. (CP)—A 30-year-old man who escaped from Ponoka Mental Hospital last Saturday was returned under RCMP escort to the institution yesterday. He was picked up in Calgary Tuesday. Three other mental patients still are at large.

PREMIER KING AWARDED MARK TWAIN MEDAL

ST. LOUIS, June 17. (AP)—The annual Mark Twain medal for outstanding achievement has been awarded to Prime Minister Mackenzie King, the Mark Twain Society announced yesterday.

He was awarded the medal for his efforts in fostering friendship between his country and the United States, the announcement said.

King was invited to attend the society's annual dinner here Nov. 20. Mark Twain's birthplace is among the medal's honorees.

Russians Put Ban On Soviet Sector Travel

By WELLINGTON LONG

BERLIN, June 17. (CP)—The Soviet military administration issued new regulations today making it virtually impossible for any German from the "Anglo-American-French zone" to travel in the Russian sector.

The order specified that Germans must have written permission from German administrative bodies under Russian control to visit the Soviet sector.

The Russians said inter-zonal travel issued by the western mili-

tary governments would not be accepted by Russian border guards without the written permission.

British, French and American military government pass offices have issued inter-zonal travel permits to Germans who offered a valid reason for a trip to the Soviet sector. The Soviets banned the western permits until 10 days ago when they turned back Germans carrying British passes.

"Forty per cent of the inter-zonal passes at present are taken or incorrect," the Russians charged.

They claimed they had been told on the black market in Western Germany and "have even been told by some officials of the western occupying powers."

Some zone passing makers believed that once a ban changed the four-week permit system would be used again despite an amnesty vote by the Russians from one of its meetings last night. But even if it does not meet again, they said, the western powers could operate their sectors of Berlin without too much difficulty.

Escapee Captured

CALGARY, June 17. (CP)—An escaped Ponoka mental patient (William Hector) who had been on the loose for nearly a week, was captured in the southeast end of Calgary by city police Tuesday.

DEER RIDES IN BLACK MARIA

SAINT JOHN, N.B., June 17. (CP)—A stray deer took a ride in the Saint John police department's Black Maria yesterday after policeman stalked the wandering woodland resident in radio cars.

The deer first was reported after it had leaped through a house window, wrecked furniture in the room, and crashed out through another window. Working by radio car, police cornered the animal and took it back home to the forest.

Stefanik Sentenced To 8-Year Term

WINNIPEG, June 17. (CP)—Michael Stefanik, 38, was sentenced yesterday to eight years and six months in Stony Mountain penitentiary after being convicted in an assize court jury of breaking and entering the Main street branch of the Royal Bank of Canada here last October.

Stefanik was the last of four men to be charged in connection with the robbery which involved \$257,940 in cash and bonds. John Michaels and James Davidson each were sentenced earlier to six years in penitentiary. Alexander Poronik was sentenced to seven years.

It's the FORD "Forty-Niner"

It's here! It's the new Ford "Forty-Niner"! It's "The Car of the Year" . . . now on display at your Ford Dealer's

There never was an automobile like this before. It's a complete break with the past. It was designed by you . . . all the way through. Yes, in surveys, letters and personal interviews, you told us what you wanted. Then we built your car. And now it's here. It has all the smart, good looks of a luxury car, yet it sells in the low price bracket.

Just for the thrill of it, look at the list of new features. For an even bigger thrill, see for yourself the Ford "Forty-Niner" at your Ford Dealer's showroom . . . and for your biggest thrill of the year . . . make a date with your Ford Dealer to go for a drive in the new '49 Ford.

Here Friday at your Ford Dealers!

It's The Car of the Year!

- NEW! You wanted ROOM.** So Ford gives you solo-wide seats, with lots of hip and shoulder room . . . and 57% more luggage space, too.
- NEW! You wanted ECONOMY.** You'll find it in the brand new Ford V-8 engine with a new lubricating system, new "Equa-Flow" cooling, new "Deep Breath" manifold that saves up to 10% on gasoline.
- NEW! You wanted COMFORT.** You get comfort . . . in a new "Mid Ship" Ride . . . new "Hydra-Coil" Front Springs with shock absorbers built in, new "Para-Flex" Rear Springs, which need no lubrication.
- NEW! You wanted SAFETY.** So Ford gives you a 50% more rigid "Lifeguard" body, 35% easier "Magic Action" King-Size Brakes, and new "Picture Window" Visibility all around.
- NEW! You wanted BEAUTY.** Well, see for yourself. You, too, will call Ford "Forty-Niner" "The Car of the Year!"

'Kentile' for Smart Durable Floors

Several Colors From Which to Choose

Kentile, the asphalt tile, comes in 9" squares. Because of this you can design your own floor, combining the colors you want, and creating your own pattern effects. It makes a particularly striking kitchen, show-room, office or playroom floor. It lends itself alike to small rooms, narrow halls or extensive surfaces. Kentile comes in 1/2" thick tiles with colors solid through to the back. In other words, the colors last as long as the tile and the tile lasts a long time. In plain black, mottled black, brown and terra cotta, grey, green, sand and beige. For an idea of some effects, which can be achieved by Kentile pay a visit to our Linoleum Dept., where a portion of the floor is laid out in a variety of Kentile colors and patterns. Laid and cemented in City SQUARE YARD
